CITY OF COLLEGE PARK
MAYOR AND CITY COUNCIL
REGULAR SESSION
DECEMBER 2, 2024

This will be an in-person meeting that will also broadcast via [Facebook Live](#), and [YouTube Live](#).

Citizens wishing to give citizen remarks during a Regular Session Council meeting can choose one of two options:

Option#1

Sign in to speak by 7:30 pm on December 2, 2024, at the podium in the City Hall Council Chambers.

Option #2:

Submit an email with your **name, address, and comment or remark** to pcomment@collegetparkga.com **no later than 7:30 pm on December 2, 2024**. The City Clerk will read your name, address and comment into the official record.

Members of the Public who were unable to sign the Sign-In Sheet before the cutoff time may be granted three (3) minute to provide public comments; provided, however, that such three (3) minute of time shall not be donated to another speaker. No additional public comments will be received after the Citizens Remarks agenda item.

RULES FOR REMARKS DURING COUNCIL MEETINGS

- Speakers must limit their remarks to no more than (3) minutes.
- Speakers must not employ tactics of intimidation, profanity, or threats of violence in their comments. Anyone who demonstrates these behaviors will not have their comments read into the record.
- (1) Specific topic may **NOT** be discussed during Citizens Remarks for more than 15 minutes.
- Members of the public who signed the Sign-In Sheet may donate time to another speaker; however, in no event shall the total duration of time allotted to one speaker (including donated time) exceed nine (9) minutes.

AGENDA

1. Opening Ceremonies.
 - A. Pledge of allegiance to the flag.
 - B. Invocation
 - C. Civility Pledge – Police Chief Rogers
 - D. Announcement – Police Chief Rogers
2. Additions, Deletions, Amendments, or Changes To The Agenda
3. Approval of Agenda
4. Presentation of Minutes of City Council
 - A. Workshop Meeting minutes dated November 18, 2024.
 - B. Regular Session Meeting minutes dated November 18, 2024.
5. Proclamations, Resolutions, Plaques, and Announcements
 - A. Introduction of New Employees
 - B. Employee All-Star of the Month
 - C. Winston Denmark
6. Remarks Of Citizens
7. Public Hearing
8. Consent Agenda
 - A. Consideration of and action on a request to approve the renewal of the City's email license in the amount of \$106,750.00. This item is being requested by Chief Information Officer, Michael Hicks. This is a budgeted item. This will affect city operations.
 - B. Consideration of and action on a request to pay the See Click Fix invoice in the amount of \$14,507.84. This item is requested by Chief Information Officer, Michael Hicks. This is a budgeted Item. This item will service all wards.

- C. Consideration of and action on a request to approve the purchase of a New 2024 Vactor Impact Sewer Cleaner Truck to replace Unit #204 in the Department of Public Works - Storm Water Utility Division in the amount \$342,329.00 under the State contract price. This request is being made by Raymond Cotton, Highway, Streets and Storm Water Superintendent. This is a budgeted item. This item will service all wards.
- D. Consideration of and action on approval of contract award playground systems, demo, grading, installation and services related items to Playcraft Systems, LLC for in Phillips Park for a total of \$ 625,000 for the project. This is a budgeted item in Ward 4.

9. Regular Business

- A. Consideration on and action of a request for a Special Event Permit from Woodward Academy to host an Alumni Event to be held on January 10, 2025 at Woodward Academy from 1:00 p.m. to 6:00 p.m. This item is being requested by the Deputy City Clerk, Queenie Brown. The event is to be held in Wards 3.
- B. Consideration of and action on a request to approve the City of College Park annual Christmas Parade route through downtown Main Street College Park. The parade route is located in Ward 1.
- C. Consideration of and action on a request to approve the hiring of park attendants for restroom coverage at Barrett, Phillips and Zupp city parks from October 1st through March 30th annually. This is due to vandalism and concerns of public safety and accessibility. Sponsored by Councilwoman Jamelle McKenzie and presented by Rose Stewart, HR.
- D. Consideration of and action on a request to provide Birthday Leave incentive to city employees. This item is being requested by Director of Human Resources and Risk Management, Rose Stewart. This is not a budgeted item. This will affect internal city operations.
- E. Consideration of and action on a request to designate city streets for resurfacing under the Georgia Department of Transportation's (GDOT), 2025 Local Maintenance and Improvement Grant (LMIG) resurfacing program. This request is from Raymond Cotton, Highway, Streets and Storm Water Superintendent. This is a budgeted item. This item will impact Citywide.
- F. Consideration of and action on a request to adopt Resolution 2024-XX to consent to the addition/removal of parcel within the Airport West CID. This request is from Interim Economic Development Director, Brian Hooker.
- G. Consideration of and action on a request to adopt Resolution 2024-XX to participate in an amicus brief in the Chang v. City of Milton. This request is from Mayor Bianca Motley Broom.

H. Consideration of and action on a request to adopt Ordinances 2024-XX for the establishment of an Alcoholic License Review Board.

10. City Attorney's Report.

11. City Manager's Report.

12. Report Of Mayor And Council.

13. Executive Session

14. Approval of Executive Session Minutes.

15. Adjournment.

CITY OF COLLEGE PARK
MAYOR AND CITY COUNCIL
WORKSHOP SESSION
NOVEMBER 18, 2024

MINUTES

Present: Mayor Bianca Motley Broom; Councilman Joe Carn, Councilwoman Tracie Arnold, and Councilman Roderick Gay; City Manager Dr. Emmanuel Adediran; City Attorney Winston Denmark; Deputy City Clerk Queenie Brown; Interim City Clerk Cindy Hanson

Absent: Councilwoman Jamelle McKenzie

Workshop Session was declared open at 6:01 p.m.

MAYOR MOTLEY BROOM: Good evening. Welcome to the workshop session of Mayor and City Council of the City College Park. I'm Mayor Bianca Motley Broom. We have a quorum present with Council Members Carn, Arnold, and Gay, and so we will get started at 6:01 p.m. The first item on the agenda is a discussion of the citywide events from our Director of Recreation and Cultural Arts. Good evening, Ms. Johnson.

1. Discussion of the Citywide Events

MS. MICHELLE JOHNSON: Good evening. Good evening, Mayor and Council. So I just wanted to come before you because I wanted to make sure we could have a discussion of what we were looking for, for the upcoming events.

Typically in the past, the dates for the Christmas holiday events were the only activities that we would put on. We're just reviewing and making sure that this is what the city would want to do. So we got the holiday events and then we also added some cultural arts events along with some collaborative events that we've been doing with other departments.

So with the special events holiday, we had the Light Up College Park with the Tinsel Trail with CPMSA, which is College Park Main Street Association which has been an event we've been doing for a couple years which has been a -- a really nice event where we were encouraging people to sponsor a tree and come out and decorate it, and they do a contest for that.

And then we have our annual Light Up College Park with Mr. And Mrs. Clause. And then our College Park Christmas Parade along with Santa coming to town, which was fairly new to us. I think it's -- this will be the fourth year if I'm correct on that.

That was something that came out of Covid to be able to spread some cheer without being in -- in person with them. I think that was something that was brought from a one-on-one from a citizen, and it was a new event that we brought in, and it was a great collaborative event also.

40 And then we're also looking at some other events that we've been doing with the Black History
41 Cultural Arts event, Black History program along with the Women's History program. And then
42 there's some other activities that we don't have dates yet for.

43 We're looking at the wine stroll that we typically do with CPMSA, also with -- we do a senior --
44 senior by seniors' performance that normally is at the Tracey Wyatt Center that we honor those
45 for Older Americans Month.

46 Do you want me to hold off because I want to make sure everybody can hear? Okay. Okay.
47 Good. Great. We -- that's -- that's working for everybody.

48 So then we also have our Juneteenth celebration, which was our first annual last year which was
49 a great event with the parade, along with festivities for kids on the lawn along with music on the
50 lawn. So that was a great event.

51 And then we have our senior Thanksgiving lunch, and it's coming up in the next two weeks that
52 will be hosted at the Brady Center. We tried to move that event around to -- sorry. It's at the
53 Wyatt Center this year. My apologies.

54 Can remember last year better than this year sometimes. And then we're going to have our annual
55 Easter egg hunt, which is our tradition that we've done also. Some of the other cultural arts are
56 some of the -- just recreation activities that we've done.

57 So I wanted to just sit down and -- well, stand up right now and have a discussion about what
58 y'all might want to do moving forward, so that we can account for that in the future for the
59 budget and just have some open discussions.

60 MAYOR MOTLEY BROOM: Thank you, Ms. Johnson. We'll start with Councilmember Carn.

61 COUNCILMAN CARN: Thank you, Michelle. You talked about it earlier outside in the
62 hallway.

63 MAYOR MOTLEY BROOM: Council.

64 BILL CRANE: Microphone.

65 COUNCILMAN CARN: Oh. All right. There we go. Is that better?

66 BILL CRANE: Yes.

67 COUNCILMAN CARN: Okay. Thanks, Michelle. I know we spoke briefly out in the hall
68 about the events and we -- one of my concerns has been in the last couple years was in terms of
69 the Christmas stuff. A lot of it leans towards, you know, little towards the north side of town. I
70 see you spreading it out a bit now.

71 I still thought figuring out a way to logistically have something on Godby Road in terms of one
72 of the parades would be nice, but I know logistically it's a lot harder than -- than Main Street
73 apparently.

74 But I -- somewhat I like -- I would love to figure out some kind of a way we could be able to get
75 -- you know, facilitate a parade in other places. And I know that's -- like I said logistically I
76 know it's not easy, but at some point I want us to see if we can figure out to come up with a way
77 that it might be possible or somewhat.

78 MS. MICHELLE JOHNSON: So I got Police Chief Rogers here because we have had some
79 logistical discussions about it because we were ready to roll with it for Juneteenth. And then I --
80 well, I want to defer to -- to Chief on that.

81 POLICE CHIEF ROGERS: We discussed it with the impact of the original route from the
82 Phoenix Executive Park to Godby Rec. The impact of the businesses and apartment complex
83 because the road -- every entrance would have to be shut down for about an hour, 15 -- hour, 30
84 minutes.

85 We couldn't allow a lane to stay open due to the liability if someone even traveling on the
86 opposite side. If something happened, the city will be liable.

87 The only option that may be feasible is starting at the discount mall and traveling to the Wyatt
88 Rec Center for the Christmas parade because we won't impact 2301, 2315, and 2200 Godby,
89 which is the major complexes on that end of Godby. They wouldn't be impacted, but we would
90 have to get approval from DOT to shut down Godby and Old National. And that usually has to
91 be done 30 days beforehand.

92 COUNCILMAN CARN: Well, I heard you mention the one hour to one and a half hours, and I
93 thought I -- I said, well, you know, even if it were, you know, hypothetically speaking a Sunday
94 parade -- one hour on a Sunday, if it's timed right -- even one and a half hours may not be that big
95 of an impact along Godby.

96 But I don't know. I just -- again, I'd just like to see if we at some point can do something that --
97 that works -- that doesn't, you know, make it so difficult for -- you know, we don't want to make
98 it difficult for residents, but if we look at a Sunday even, you know, an hour at some point
99 shouldn't be too much impact. I would hope.

100 I mean, just depends if we do it Sunday morning just like we do early on Main Street maybe. So
101 I -- I just want -- I wanted to, you know, just talk around it and, you know -- I only have a small
102 portion of Godby Road. Councilwoman Arnold has the majority of it.

103 POLICE CHIEF ROGERS: The -- the biggest thing would be if -- if we come from the discount
104 mall to the rec, we would have to get approval from DOT to shut down Godby and Old National.
105 There's no way around that.

106 COUNCILMAN CARN: Understood. Okay.

107 POLICE CHIEF ROGERS: And coming up from Phoenix Executive, it would just be those
108 apartment complexes and businesses in that corridor that may be affected by the shutting down of
109 traffic, but however the Council wants to go, we'll make it work.

110 MAYOR MOTLEY BROOM: Councilmember -- I'm sorry.

111 COUNCILMAN CARN: And the -- and the Santa coming to town, so I understand you're not
112 going to do -- do the toys this year; is that right?

113 MS. MICHELLE JOHNSON: So Amazon in the past donated funding for us to purchase the
114 toys, and that was done through CPMSA, which was the nonprofit. I have reached out. We've
115 spoken. They're doing a NFL literacy -- literacy kickoff in January.

116 And they were looking -- and this has not been ironed out, but -- to donate books for literacy
117 which I thought was a fantastic collaboration with the NFL, with us, with rec, with the city. So
118 we were looking at hopefully books for donations for that.

119 I know it might be a little difficult too after giving out toys, so we're going to try to see if we can
120 supplement some sort of balls -- something that would be still themed with Balls and Dolls is
121 what we, kind of, talked about with the team, you know, to, kind of, supplement with the books,
122 which I thought would be fan -- fantastic, any donation that we can get to help with that.

123 I've also reached out -- I've received an email today in regarding -- I tried to get some free bikes
124 at Soccer in the Streets. I had a representative reach out to me, and I have secured a few bikes,
125 so I wanted to talk to y'all on giving out a few bikes per ward and to your choosing for where.

126 It's not a lot. I was hoping for 50 to a hundred, but it's just a small number. But at least each
127 ward could be able to choose a family that they'd like to get bikes. It's a little different. They
128 will have to literally go down and pick them up to fit -- they size them for their helmets and for
129 the bikes, so it's a really nice -- so we've got a little something coming, but nothing, you know,
130 thousands of dollars, but anything helps to help the family out for the residents.

131 COUNCILMAN CARN: Well, also, you know, we -- we -- in addition to Christmas events, we
132 -- we -- we did partner with the Helping Hands group. That's going to be on December 21st at
133 the convention center. Now, that company has given us 4,000 arm bands for our residents.

134 It's a thousand bands per ward to give out to our parents and kids for that event where they're
135 going to be giving away a considerable amount of toys. Now, I didn't know if y'all would --
136 would consider maybe merging that with the Santa toys or not or if we do both.

137 But there'll be toys in that event. They're -- they're getting donations in for that now as we speak
138 -- working on that. That should be a pretty -- pretty good event. They've done that at Henderson
139 Arena for the past over 30 years.

140 And Henderson Arena closed, so -- so they -- they worked -- negotiating a new home for them at
141 the convention center for our kids primarily. So that's another toy distribution point that could be
142 a possibility.

143 But the bands are for our parents and families specifically, and I'm going to start distributing
144 them after Thanksgiving myself and getting them out to parents and kids if my -- my ward to
145 come and get toys.

146 So I don't know if that's a better situation or if we go with the same thing we -- we've done with
147 the firetruck, be it books this time. So all right. Well, that's -- that's just my -- those are my
148 comments.

149 MAYOR MOTLEY BROOM: Councilmember Arnold.

150 COUNCILWOMAN ARNOLD: Okay. So I agree with Councilman Carn. And I think I've
151 already emailed and shared my thoughts and my concerns about including Godby Road some
152 type of way in the parade simply because the bulk of the children live there.

153 And so -- and a lot of those families don't necessarily have transportation to make it to Main
154 Street. So I agree if there is -- if there's some way that we can logistically make it work -- maybe
155 it's going from the -- the Kroger Plaza to down -- down to South Hampton Plaza something, you
156 know, that won't impact West Fayetteville Road or Old National Highway.

157 And do that for maybe an hour on Sunday just to make sure that we are touching those families
158 that don't get to see this or haven't been -- been able to see it in the past few years. Those are my
159 -- those are my thoughts. As far as everything else on the --- the calendar, the activities -- they --
160 they look good.

161 They look inclusive, you know, what we discussed earlier this year to make sure that we were
162 thinking about all the wards and being inclusive there, but if there is a way that we can
163 logistically make that Christmas parade work on that, I would like that.

164 MS. MICHELLE JOHNSON: Okay.

165 COUNCILWOMAN ARNOLD: That's it.

166 MAYOR MOTLEY BROOM: Councilmember Gay.

167 COUNCILMAN GAY: Ms. Johnson, I don't have anything. I just ask that you do your event
168 calendar for the full year. I'm showing spring.

169 MS. MICHELLE JOHNSON: Well, it's based on budget, so yes -- the dates. So what we are
170 working -- culture arts is not new, but it is only about seven years. So we're still trying to work in
171 budget along with the -- the grant award. We're going to Fulton County Arts and Culture every
172 year. And so it's depending on, you know, funding, you know. We would love a robust cultural
173 arts, you know --

- 174 COUNCILMAN GAY: Specifically, I was speaking of Kids Fest and Ward 4 Citywide Festival.
- 175 MS. MICHELLE JOHNSON: Yeah. And that's something that was always budgeted just for city
176 -- for the city budget. It was never in, specifically, for our -- but absolutely that's the direction
177 that y'all want to -- when we look at budget.
- 178 COUNCILMAN GAY: I'm saying add it to the Calendar.
- 179 MS. MICHELLE JOHNSON: Oh, to our calendar. Okay. I'm sorry. Yeah. I've always just
180 dealt with the recreation cultural arts, but yeah. We can do that. Absolutely.
- 181 COUNCILMAN GAY: Because it's at the park.
- 182 MS. MICHELLE JOHNSON: Yes. Sure.
- 183 COUNCILMAN GAY: Okay.
- 184 MS. MICHELLE JOHNSON: I'm sorry. I misunderstood you.
- 185 COUNCILMAN CARN: And you all are so heavily involved in both of them. You're a party
186 anyhow, so --
- 187 MS. MICHELLE JOHNSON: Makes sense. Absolutely.
- 188 COUNCILMAN CARN: I mean, put it on your calendar. We still -- we're still going to do it
189 how we want to do it, I guess; but, you know, it makes sense, you know. Half your work was
190 going to be involved in events anyhow --
- 191 MS. MICHELLE JOHNSON: Right.
- 192 COUNCILMAN CARN: -- at the end of the day. So --
- 193 MS. MICHELLE JOHNSON: So we're looking at that second weekend of October every year.
194 Is that what you're planning?
- 195 COUNCILMAN GAY: Yes. The second Saturday of every year.
- 196 MS. MICHELLE JOHNSON: Okay. And then for you Councilman Carn for the Kids Fest -- do
197 we know? Is that typically the same?
- 198 COUNCILMAN CARN: My -- my day moves depending on the first day of school for that --
- 199 MS. MICHELLE JOHNSON: Okay.
- 200 COUNCILMAN CARN: -- next school year. Generally, Kids Fest is the Saturday before the
201 kids go back to school.

202 MS. MICHELLE JOHNSON: Okay.

203 COUNCILMAN CARN: So whatever Saturday that is. I guess we plan for that Saturday.

204 MS. MICHELLE JOHNSON: Okay. That'd be helpful too.

205 MAYOR MOTLEY BROOM: Councilmember Arnold.

206 COUNCILWOMAN ARNOLD: I have just a -- a request, Mr. City Manager, just based on what
207 Councilman Gay just said. If -- if there's a way that we can have, like, a comprehensive calendar.
208 Right.

209 That includes all activities then that way it may make it a little bit easier. We'll have what's
210 happening in rec. We'll have whatever our initiatives are, and the citizens will also be able to see
211 everything that's going on opposed to us just having just a list of recreational things, and then
212 something else comes up later, and then something else comes up later. Right.

213 So if it is a way that we can implement a comprehensive calendar for the city, I would
214 recommend that.

215 CITY MANAGER ADEDIRAN: Okay.

216 COUNCILMAN CARN: City Manager, also -- Councilwoman Arnold, she touched on the
217 parade, and -- and, I mean, there are differences between Godby and Main Street. You know,
218 Godby is a four lane; right, with a middle -- it's five lanes if you count the middle lane. Is that
219 right?

220 COUNCILWOMAN ARNOLD: It's a four lane.

221 MAYOR MOTLEY BROOM: It's a four lane.

222 COUNCILMAN CARN: And so parading half of the street you're saying is -- is a nonstarter --

223 POLICE CHIEF ROGERS: No.

224 COUNCILMAN CARN: -- in terms of safety wise?

225 POLICE CHIEF ROGERS: No. We cannot.

226 COUNCILMAN CARN: Okay. So we can't parade half the street. But, you know, my thinking
227 is this, you know, a Sunday 10:00 a.m. till 11:30 a.m., I don't think it's going to have a heck of a
228 lot of impact outside of maybe Midway Baptist Church.

229 I mean, again, at the end of the day, the majority of that route is going to be Councilwoman
230 Arnold, you know, on her portion of Godby Road; but I got a lot of kids on the other side of
231 Godby Road and folks that would love to see something and have the experience.

232 I guess it would depend on, you know, how much blowback you think someone's going to have,
233 you know, 10:00 a.m. Sunday morning. I don't -- you know. I don't know if you're going to have
234 that big of an issue there outside of Midway, and we'll have to try to -- I don't know how we
235 figure out something for that. But --

236 POLICE CHIEF ROGERS: We will reach out to DOT tomorrow since it is in the talks of
237 moving it to Godby to see about approval. I would need a timeframe and date to make the
238 request.

239 So, City Manager, you can just give me -- once the governing bodies decide what day they want
240 the Christmas parade on. I need that as soon as possible because we're getting down to the wire.
241 It usually takes a 30-day turnaround. Either the date and timeframe, and I'll reach out to DOT
242 and see about getting Old National and Godby Road shut down for that timeframe of that day.

243 COUNCILMAN CARN: Well, today's the 18th --

244 POLICE CHIEF ROGERS: December 7th. December 7th is --

245 COUNCILMAN CARN: December 7th is the normal date. Let's see. Now, if we're talking
246 about a Sunday, that -- that -- that -- we're looking at the 8th of December, the 15th of December,
247 or the 22nd of December.

248 Now, the 22nd gives us a 30-day window plus a couple of days. I mean -- I mean, the residents
249 will be there on Sunday morning on the 22nd. I mean, it's close to -- close to Christmas and --
250 which it's supposed to be.

251 POLICE CHIEF ROGERS: I know the date is set for the 7th right now, but just give me a date.

252 COUNCILMAN CARN: Well, I mean, we -- we're looking at it now because we -- the next time
253 we meet, we -- we're pass 30 days. Okay. So -- so if -- if -- if the 22nd is possible,
254 Councilwoman Arnold --

255 MAYOR MOTLEY BROOM: Ms. Johnson.

256 COUNCILMAN CARN: I -- if we can do the 22nd early, I -- I think 10:00 a.m. to 11:30 isn't
257 going to be that much impact. I don't think -- I mean, I don't think we get a whole plethora of
258 complaints with that. I think if we plan it and communications gets the word out that we're going
259 to have this for -- for the kids down there on the south side of town and the hours. And --

260 POLICE CHIEF ROGERS: Would this one be an additional to --

261 MS. MICHELLE JOHNSON: Yeah. I was going to say. We have registration for current -- for
262 the December 7th --

263 COUNCILMAN CARN: No. No. This would -- this would be the parade if we're going to do
264 that. We're not going to logistically try to put together two. You know, we want our children that
265 -- throughout the city to enjoy this thing.

266 And by far, there are far more children along the Godby Road corridor than there are that live
267 along the Main Street corridor. It's not even a contest if you are doing it for the kids, which we
268 are.

269 But so -- so yeah, I mean, I'm fine with that. I -- I would say if we're going to do it, let's -- let's try
270 to plan it. If we can do it the 22nd, that gives us plus 30 days. But -- but -- but -- I mean, this is
271 workshop we're talking about it. I mean -- I mean --

272 MS. MICHELLE JOHNSON: But the kids are --

273 COUNCILMAN CARN: I know I wouldn't have any problem with my residents on Godby if we
274 plan it and we get the notice out. The communications is letting them know, hey --

275 POLICE CHIEF ROGERS: And what would be the timeframe again? I'm sorry.

276 COUNCILWOMAN ARNOLD: 10:00 a.m. to 11:30.

277 POLICE CHIEF ROGERS: Okay.

278 COUNCILMAN CARN: If they really know, hey, things going to be shut down. You -- you
279 come out and walk the parade route and enjoy it and -- and -- and we have a festive thing, and we
280 -- we -- we put our little station there at -- at the Wyatt Rec Center where we -- you know, we
281 have the frontage there where -- where we have the MC and music and everything.

282 COUNCILWOMAN ARNOLD: We also -- we also have I think a -- a community partner or
283 business partner with the old Kroger. I don't even know what it's called, but that shopping plaza
284 too if we need to do any staging there.

285 POLICE CHIEF ROGERS: So what would the -- what would the --

286 MAYOR MOTLEY BROOM: So you saying Kroger -- you say the Kroger from -- from the --
287 from the Kroger to the Wyatt Center? Is that what you're saying?

288 COUNCILWOMAN ARNOLD: I was thinking from Kroger to the South Hampton Plaza.

289 MAYOR MOTLEY BROOM: So what about people that have to work?

290 COUNCILMAN CARN: And -- and that --

291 MAYOR MOTLEY BROOM: Wait. Hold on. I -- I understand. So I'm asking the question. So
292 what about folks who can't get out of their -- their apartments for an hour and a half? Like, that's

293 going to be -- like, I mean -- I know there there's not many people working on Sundays, but there
294 are some people who work on Sundays.

295 COUNCILWOMAN ARNOLD: Right. But that's also true for Main Street.

296 COUNCILMAN CARN: That's right.

297 MAYOR MOTLEY BROOM: Yeah. But we don't have any -- people who are on Main Street
298 have an alternate route. We don't really have anybody living on the -- on the parade route.

299 COUNCILMAN CARN: No. We do. We have an apartment complex, Ivy Chase. They could
300 not get out, and there's no alternative exit out of there -- that apartment complex. In terms of
301 working people, though, I do have an idea.

302 MAYOR MOTLEY BROOM: That -- that -- that's a good point. Ivy Chase -- I forgot about
303 that.

304 COUNCILMAN CARN: Here's my suggestion. Well, I didn't forget. I'm thinking about all this.
305 I have a suggestion though. Yes. There are some people that absolutely have to get out to work
306 Sunday morning.

307 If communications works this the way I think they -- they can work it, we can let folks know.
308 Again, if the street is going to be closed -- if you've got to get to work, we can -- we may be able
309 to possibly come up with a -- I was thinking about an arrangement where people can park at the
310 police precinct, you know. But that's going to be --

311 COUNCILWOMAN ARNOLD: It's going to be a problem.

312 MAYOR MOTLEY BROOM: Looking for an alternate route.

313 COUNCILWOMAN ARNOLD: Unless we start there. We can start at the -- the -- start there at
314 the center -- the rec center and go down to South Hampton.

315 COUNCILMAN CARN: Yeah, that -- that -- that -- that -- that's -- that's a thought.

316 MS. MICHELLE JOHNSON: We need line up area -- a huge parking lot or -- the reason why it
317 works over here is the banks closed. So there's -- we do -- we do affect one business, which is
318 the -- the Dog Park and Fly, but we still allow them to have access.

319 And we had the health center -- the health center gives us a lineup area along with the parking for
320 the bank. So we need an area to be able to put, you know, up to three sessions -- sections and we
321 could -- last year, you know, one of the parades was one of the largest that we had. So it could be
322 more than an hour.

323 COUNCILMAN CARN: I -- I -- I -- I think it's more upside to doing this. And I don't think the
324 disruption on Sunday morning from 10:00 a.m. to 11:30 is going to be a big -- big -- big
325 situation. Obviously a lot of folks ride MARTA along that route.

326 Some do folks on December 7th on -- that ride along Main Street's route during those two hours.

327 POLICE CHIEF ROGERS: If we're coming out of the old Kroger shopping plaza, we won't
328 need --

329 MS. MICHELLE JOHNSON: So we wouldn't need 30 days. We could do the regularly
330 scheduled time --

331 POLICE CHIEF ROGERS: On December --

332 MS. MICHELLE JOHNSON: -- on December 7th because, like I said, we have people
333 registered -- prefer not to change at the time. So that those -- because a lot of problems do they
334 have -- and Darisha can tell you, those high schools are still in school and the band -- once you
335 get out of school, they don't come.

336 So they -- we want to make sure the participation doesn't change because we're changing the
337 date. If we stay on Godby --

338 POLICE CHIEF ROGERS: If we stay on Godby, we come by the old Kroger shopping plaza and
339 go down to South Hampton, I don't have to get an approval from DOT because that's not --

340 COUNCILMAN CARN: That's all us.

341 POLICE CHIEF ROGERS: That's all us.

342 MS. MICHELLE JOHNSON: So there'd be no change.

343 POLICE CHIEF ROGERS: Just the Godby Road -- I mean the Old National that I would have to
344 get approval to be able to shut down.

345 COUNCILMAN CARN: Okay.

346 POLICE CHIEF ROGERS: But if we're coming out of the old --

347 MAYOR MOTLEY BROOM: Chief, can you go to the microphone?

348 POLICE CHIEF ROGERS: I'm sorry. If we're coming out of the old Kroger shopping plaza,
349 there will be no need, so we can continue with the scheduled date of December 7th.

350 COUNCILMAN CARN: Now, the other good upside to this is along Godby Road -- if you're
351 talking from the old Kroger -- from Godby and Old National -- from the corner, if we stage from
352 there --

353 POLICE CHIEF ROGERS: Oh. We can stage right there in that sky view.

354 COUNCILMAN CARN: Right. Right. Yeah.

355 POLICE CHIEF ROGERS: I mean, we can stage -- we would stage right there.

356 COUNCILMAN CARN: That's what I was talking about, the old Kroger plaza there. The right
357 side of Godby is pretty much uncovered until you get to Old Town building -- until you get to
358 2200. That's the only apartment really that you're going to have an issue with.

359 But you're saying we absolutely have to close both? What if one lane on the other side?

360 POLICE CHIEF ROGERS: No. I cannot because somebody not paying attention, driving down,
361 and they hit somebody in the parade; the city will be liable.

362 COUNCILMAN CARN: I -- I hear you on that. We want to be safe with it. Well, if -- if the 7th
363 works better -- and like you said you -- you guys were already set for the -- the bands and
364 everyone to come on the 7th, I mean, I'm fine with that date if we can make it work logistically.
365 If we can get enough word out to folks that we will be closed down and 10 o'clock to 11:30, I -- I
366 don't have any issue with it.

367 They've got enough notice, and we get enough communication in our apartment complexes, and
368 communications really lets them know, and this is going to be a great thing and a big celebration;
369 I think the -- the -- the pros outweigh cons.

370 POLICE CHIEF ROGERS: Now, one thing that I will have -- one thing I will have the LED
371 screen placed at the Godby Road precinct maybe for a week if it's not being used anywhere else.
372 And even if they don't hear from communications, if you're traveling up and down Godby Road,
373 you will see that.

374 COUNCILMAN CARN: That's a good idea.

375 MAYOR MOTLEY BROOM: So the 7th is a Saturday though?

376 POLICE CHIEF ROGERS: Yes.

377 MAYOR MOTLEY BROOM: So we're -- okay. We're shutting down on a Saturday. All right.

378 COUNCILWOMAN ARNOLD: Instead of the Sunday.

379 COUNCILMAN CARN: Instead of the Sunday.

380 MS. MICHELLE JOHNSON: Yeah. I think -- I think so. I think in the location where you're
381 talking -- because we did several -- we talked about Phoenix coming up. We did talk about
382 Kroger, but we thought it would be a shorter parade, but it -- it won't inconvenience that -- that's
383 the main concern is making sure people that need to go where they need to go can get out.

384 And I just don't feel safe having a lane open with my -- with babies. The children out there, I just
385 don't feel --

386 COUNCILMAN CARN: We don't need any more liability. Let me ask you this. You're set for
387 Saturday the 7th. Is changing it to Sunday the 8th a big logistical nightmare for those offices, or
388 can they still bring the bands on the next day?

389 MS. MICHELLE JOHNSON: Let me -- let me check with Jerisha who's done the registration.

390 COUNCILMAN CARN: Because you may get a -- you may get a few less people that are going
391 to be going to work for 10:00 a.m. on Sunday than 10:00 a.m. on Saturday.

392 MS. MICHELLE JOHNSON: Yeah. We do that.

393 COUNCILMAN CARN: Okay.

394 MS. MICHELLE JOHNSON: This is Jerisha Bronson, our program coordinator that does the
395 logistics along with College Park Police --

396 COUNCILMAN CARN: We're going to put you to work on this Christmas parade.

397 MS. JERISHA BRONSON: It's okay. Logistically, I think it would be difficult to reach back out
398 to the schools during this time because of Thanksgiving break. I would have got a window of
399 maybe two weeks to go, it could be -- it could be done.

400 But I think with the holiday breaks coming up, we would definitely decrease the number of
401 bands.

402 COUNCILMAN CARN: Okay. So we can stick with Saturday?

403 MS. JERISHA BRONSON: I would suggest, yes.

404 COUNCILMAN CARN: Well, I don't -- well, I'm -- I'm still okay with it, if you -- it's up to you.
405 I think -- I think it's worth a stretch. You know, we got to try some new stuff. Try it. If it doesn't
406 work out, it's fine.

407 But if we have enough warning and enough lead-up time and if communications is doing
408 everything in our apartment communities and letting them know this is going to be a great event.
409 It's going to be a celebration. It's going to be the first time that we're celebrating Christmas on
410 the south side of this city in that way, I think it's worth it.

411 POLICE CHIEF ROGERS: And I think we -- the LED screen even if people don't check and get
412 their communication. If -- if they're traveling up and down Godby Road, you will see the LED
413 screen, and it'll have all the information -- the date and time of the parade.

414 And also, we'll get some kind of clip that say traffic will be impacted. No traffic will be allowed
415 to travel during that timeframe on Godby Road. So I -- I think we -- we can make it work.

416 MS. MICHELLE JOHNSON: And recreation will do our part too. Also getting out into the --
417 the community and spreading the information also to let them know. Our staff is happy to do
418 that. Ron will be right out there so.

419 MAYOR MOTLEY BROOM: All right. Thank you very much.

420 MS. MICHELLE JOHNSON: Thank you.

421 MS. JERISHA BRONSON: Thank you.

422 MAYOR MOTLEY BROOM: Next item is a discussion from -- it a presentation from Trane
423 Technologies on energy savings performance contracting.

424 **2. Presentation - Trane Technologies on Energy Savings, Performance Contracting**

425 MR. WALTER REID: Good evening, all.

426 MAYOR MOTLEY BROOM: Good evening.

427 MR. WALTER REID: Walter Reid, Senior Energy Solutions Account Executive.

428 MR. TOMMY BROWN: I'm Tommy Brown, also Senior Energy Solutions Account Executive.

429 MR. WALTER REID: Tonight we're going to present a few slides about energy savings
430 performance contract. Next, please. So what is -- I'm going to say ESPC from now on, so I don't
431 have to say the entire title. Is that okay?

432 So it's a method of using future energy savings to offset cost of facility improvements and
433 upgrades to do your capital improvements throughout the city, right, simply funded through a
434 capital loan, so there's a debt associated with it.

435 It typically goes between 7 to 20 years and that is actually laid out by the state. Savings are
436 greater than the loan premium. That's the way the -- the -- the contract has to be set up. If not,
437 the contract will be voided by the state.

438 The process allows for the best long-term solution, and the energy savings are guaranteed. So if
439 we promise a savings of say a thousand dollars, and we only save 800, then we'll have to make
440 you whole for the other 200 per the contract. If you look up, you'll see for a project that's \$3
441 million -- we'll use, you know, arbitrary numbers -- that would be about 20,000 hours per year.

442 Next, please. Again, what is it? You take your gas cost; your electric cost; your water cost --
443 those are the red portion of the circle, and the savings will be the green portion. We'll take the
444 savings from all three.

445 Also, add renewable energy if it's there, and that total would be the total savings that you would
446 have for -- for the contract. Next, please. This is the way it would look at the actual contract or
447 the -- on the left-hand side is your current operating costs.

448 You know, you have your maintenance operations, your gas, and your electric based upon your
449 utilities. Once -- if you decide to move forward with the contract, the green portion is the excess
450 savings. That savings typically is about 25 percent that we'll be able to lower your utility bills
451 through -- throughout the cost of the contract.

452 So in the future, you'll have your excess savings, your -- your investment cost. That will be the
453 debt service. And you'll see as your maintenance operations is still there, gas and electric, but it
454 -- it's a lot smaller. We put in high quality efficient lighting, high-efficiency air conditioning for
455 HVAC equipment.

456 We improve the energy production and works throughout the city. Ongoing support all day,
457 which is part -- every year we do measurement of verification for the contract to ensure that what
458 we say we're giving you, we actually give.

459 And we have state-of-the-art building automation. Next slide, please. Okay. Why undertake in
460 ESPC? Address your deferred maintenance. We understand that most municipalities don't have
461 a few million dollars lying around to make a widespread capital improvement plan. So as you
462 said, performance contracting allows you to do so.

463 But the challenges, again, goes to the money. There's usually not a -- a -- a barrel of -- of money
464 sitting around to help offset some of the costs and make improvements. Sustainable
465 environmental concerns, as we know, that's been a challenge as we as continue to use energy the
466 way we are using it now.

467 That leads to some of the environmental service that may we have. Leed, if that's anything that
468 you guys are -- are -- are interested in -- Leed Energy Star Certification and technology
469 innovation. Technology changes daily. We would put the state-of-the-art equipment, lighting,
470 and HVAC equipment throughout the city; modernize building infrastructure in doing so. Next
471 slide, please.

472 MR. TOMMY BROWN: Next slide. So I wanted to talk to you about a -- a peer customer that
473 we did a performance contractor ESPC with a few years back. So Georgia World Congress
474 Center. And I hope y'all are aware of them. We did a \$28 million capital project that was offset
475 by \$2 million in annual energy savings.

476 We received over \$400,000 in Georgia -- or we applied for it, and the Georgia World Congress
477 Center received over \$400,000 in Georgia Power rebates and some other incentives that went
478 along with it. Inside the project year, we placed over 60,000 LED light fixtures inside of the
479 Congress Center as well as over 6,000 tons of cooling capacity and -- and over a thousand water
480 fixtures. To, kind of, put that in perspective; the International Convention Center here, you have
481 about 1500 tons of cooling.

482 So this would be about four times the amount of cooling. So it's a -- a big -- it was a big project
483 for us. We're really proud of it. Next slide, please. So this is kind of what the savings look like
484 in the first year. Over 23 million kilowatt hours in -- in energy savings, 20 million gallons of --
485 of water savings.

486 And -- and they reduced their overall spend by about 43 percent. As part of the project, they
487 successfully applied for and were certified Leed gold. At that time, it was the largest Leed gold
488 Convention Center in the world so -- and then over in the pie chart on the right, you can, kind of,
489 see where some of those savings came from: lighting, central cooling, plant upgrades, and the
490 water retrofits.

491 Next slide. And so this is, kind of, where we are in the lifetime of that contract. So we're in year
492 seven of the guarantee period. They've saved -- or they've saved guaranteed savings of over \$15
493 million. They've actually saved over \$17 million.

494 And then in the -- in the graphic in the middle there, those are some of the -- the sustainability
495 impacts of those seven years of -- of savings that they've had. So next slide. And one more. And
496 so this is the process for performance contracting. It's laid out by the state of Georgia in slightly
497 different terms, but there's really a -- an introductory period understanding what it looks like
498 quantifying the opportunity. The state of Georgia calls that project determination.

499 And at that point, we would go out for procurement to select a performance contracting partner
500 like Trane. Once you've selected that partner, they could perform what's called an investment
501 grade audit.

502 That audit proves the validity of the project and then you would go to construction after that. So
503 that's -- that's what we've got to share with you today. Any questions on it?

504 MAYOR MOTLEY BROOM: Thanks so much. We'll start with Councilmember Carn.

505 COUNCILMAN CARN: All right. Thank you. Tommy Brown. You know, Bobby Brown's
506 older brother's named Tommy Brown?

507 MR. TOMMY BROWN: I did not.

508 COUNCILMAN CARN: You don't look like -- Yeah. That's his brother. He was his manager.

509 MR. TOMMY BROWN: Nice. Good company.

510 COUNCILMAN CARN: Question -- I guess the first question -- I'm assuming you sat down
511 with City Manager about all this, of course.

512 MR. WALTER REID: Yes.

513 COUNCILMAN CARN: But have you sat down with Hugh Richardson?

514 MR. WALTER REID: No.

515 COUNCILMAN CARN: Have you sat down with Yanous Varner?

516 MR. WALTER REID: No.

517 COUNCILMAN CARN: Okay. Well, at some point -- Hugh is our Power Director, and Yanous
518 -- but at the end of the day, they are important to the City Manager. So, I mean, you're talking to
519 the right person.

520 But one of the things that may, kind of, help you to, kind of, understand is that, you know, energy
521 savings for us as a city is a little bit of a different equation because we have all non-profit, you
522 know, we're with MEAG, not the Georgia Power, Greystone and all that business. And I see
523 electric being the biggest piece of the pie here.

524 Water and gas, we don't have many natural gas utilities, you know, power facilities to speak of.
525 So for us, it's mostly electric. One of the things I did not see in here is -- I saw the seven-year run
526 of the GWCC, which looks good.

527 What I did not see -- I see the sustainability impact. What I did not see is the durability of the
528 warranty performance of the project. That's going to be probably more important to us than the
529 energy savings itself. So -- so I don't see -- tell me about the warranty structure of your lighting
530 infrastructure retrofits. That's what I want to hear about.

531 MR. TOMMY BROWN: Yeah. Great question. I'll split it up because Walter's got more
532 experience on some of that than I do. But it -- the on -- on the HVAC side of things, it's up to the
533 customer.

534 Walter mentioned it's the best value solution, so if you want five years warranty -- if you want 10,
535 we can build that in. It's -- it's a part of the collaborative process of identifying -- and then on
536 lighting --

537 MR. WALTER REID: Yeah, for lighting, it's the same thing. So lighting typically gives the --
538 each lighting company -- lighting manufacturer has a standard warranty. But if you'd like to
539 stretch out the -- the years of the warranty, we can -- we can do that. All right.

540 We also -- for the HVAC portion of it, we'll offer a maintenance contract to ensure that -- that
541 your team won't be saddled with -- with -- with new equipment and not being known how to
542 operate it. We can provide training for it as well as a maintenance contract on anything that we
543 would have.

544 And typically for -- there is no real maintenance for LED lighting. Right. Once it's in, they're
545 either going to fail or they're going to run, but we want to make sure that what we put it in, is
546 going to be top-notch for you.

547 COUNCILMAN CARN: Understood. But what I'd like to see with your GWCC study and
548 project impact is in that seven years of impact -- they've been going for seven years with your
549 retrofit. Is that right?

550 MR. TOMMY BROWN: Yeah.

551 COUNCILMAN CARN: I want to know, you know, lighting replacement and lighting control
552 systems replacement, how many times have they had to go over? Are the bulbs still going from
553 seven years ago, or did they replace them three times? You know, or -- you know -- this type of
554 stuff. So that's my interest.

555 I mean, the energy savings is great; but for us, you know, it's almost the equivalent of taking
556 some money out of this pocket and putting it in this one.

557 MR. TOMMY BROWN: I understand.

558 COUNCILMAN CARN: So -- so -- so that is great, but that's not, you know -- I'd rather have,
559 you know, a lighting system that lasts 20 years. That's worth that -- that's worth something to
560 me.

561 MR. WALTER REID: I understand.

562 COUNCILMAN CARN: It does, you know. So I would like to see that. So if you can bring
563 back the seven years of replacement costs, seven years of control systems warranty, and the
564 HVAC replacements -- do you have the same system in that you had seven years ago at the
565 GWCC, and will they say it's working as it was when you put it in seven years ago, or have they
566 had to repair, adjusting, and fix it, or replace it or what that's about. So I'd like to see that
567 lifetime project impact -- that portion of it.

568 MR. TOMMY BROWN: Okay. We can do that.

569 COUNCILMAN CARN: All right.

570 MAYOR MOTLEY BROOM: Councilmember Arnold.

571 COUNCILWOMAN ARNOLD: I don't have any questions. I just -- I agree with the statement
572 that was made earlier. If you all haven't had the opportunity to speak to Hugh Richardson or to
573 Yanous Varner, I would also recommend that you have those conversations, especially before
574 coming back with the additional information that's being requested, so that we can be educated a
575 little bit more about our particular situation and how this can benefit the city.

576 MAYOR MOTLEY BROOM: Councilmember Gay.

577 COUNCILMAN GAY: Thank you for bringing -- thank City Manager for bringing -- the only
578 thing I would add to it is that I like the direction we're going in when we start talking about
579 saving money. I would like for us to do the same when it comes to procurement. Start having

580 those conversations as well as our information, our communication amongst departments to
581 avoid a lot of duplication.

582 But -- but back to you all. I will tell you that we just -- this Council just voted for a Leed
583 Certification at the Convention Center. When -- the first thing came to my mind \$125,000 could
584 have -- from what you just said, it probably could have paid for -- if we had done a contract.

585 And the other thing that I tell you is that I agree that our HVAC in this building -- now, I can't
586 speak for other buildings -- but, I mean, for this building, it definitely needs to be retrofit.

587 MAYOR MOTLEY BROOM: All right. Well, thank you, gentlemen.

588 CITY MANAGER ADEDIRAN: Mayor -- Mayor. One question that y'all didn't include here --

589 MAYOR MOTLEY BROOM: Dr. Adediran, could you use the microphone?

590 CITY MANAGER ADEDIRAN: Oh, sorry. The cost y'all didn't include here which other
591 localities, like -- you know, I mean this is something I work with Siemon; Johnson Control -- but
592 once you all do the investment grade audit, okay.

593 And let's say for some reason the council don't go along with it -- the cost, you know, I mean, you
594 know, the cost should be -- because if they do all these studies and then the governing body said
595 no, you know, they're not going; there's a cost. It's not just for free.

596 MR. WALTER REID: So what -- what -- what he's asking -- during the process -- so up until the
597 investment grade audit --

598 MAYOR MOTLEY BROOM: Right.

599 MR. WALTER REID: It's at risk to us.

600 MAYOR MOTLEY BROOM: Right.

601 MR. WALTER REID: All right. And then once we get to investment grade audit, the contract
602 that we would sign would say if you move forward, the cost of our investment grade audit gets
603 rolled into the contract. If not, it's a breakeven fee.

604 And a breakeven fee is typically our engineering cost. That'll be laid out before we step forward
605 in any facility doing an investment grade audit.

606 COUNCILMAN CARN: The cost kicks in for us and in which square again?

607 MR. TOMMY BROWN: Investment.

608 MR. WALTER REID: Investment

609 CITY MANAGER ADEDIRAN: Investment. And they find our proposal.

610 MR. WALTER REID: So our -- our initial preliminary audit -- our -- our initial surveys it's -- it's
611 on us. If -- if once -- because by the time the investment grade audit comes, that's when Tommy
612 makes sure we have to go for a procurement process you were asking for. Right.

613 It'd be an RFQ or an RFP, whatever you want to go for. Then once you decide who we're going
614 to move forward with, well then, the Esco -- of course, we hope it's us, then we -- they would
615 move forward.

616 But even if it's not us -- if you get to the IG portion and you decide not to move forward with the
617 contract, then there will be a breakage fee from whoever you deal with.

618 COUNCILMAN CARN: So what does that look like on average?

619 MR. TOMMY BROWN: So it is -- it is -- so this -- this entire contract vehicle is similar to, like,
620 a design bill-type project. So we typically say that's somewhere -- if you look at a typical design,
621 it's 5 to 10 percent. It would not be that case here. It'd be somewhere closer to -- to 2 to 4
622 percent.

623 COUNCILMAN CARN: I need a number.

624 MR. TOMMY BROWN: Yeah.

625 MR. WALTER REID: We wouldn't know the number until we actually go. Right. So because
626 we don't -- we -- we may think we know. It would be based upon what we've seen in the
627 International Congress Center.

628 We -- we actually supply the equipment over there, and we -- we help out with your current
629 maintenance provider. So we have a general idea just on the HVAC equipment. We haven't done
630 a -- a survey on your lighting or anything like that, but --

631 MR. TOMMY BROWN: If it's -- if it's a million-dollar project, then you're looking at 20 to
632 \$40,000 in breakage fee just to put, like, ground numbers together, so --

633 COUNCILMAN GAY: Okay. Okay. We -- we'll probably know, you know, if it's worth it by the
634 time we get the project going.

635 MR. WALTER REID: Yeah. Absolutely.

636 COUNCILMAN CARN: Okay. All right.

637 MR. TOMMY BROWN: Yeah. That's why there's so many stages. It's -- it's a lot of work and
638 for both sides and it -- it only makes sense when you uncover any pitfalls early. That's really the
639 -- the -- the process so --

640 MAYOR MOTLEY BROOM: All right.

641 MR. WALTER REID: Thank you.

642 MAYOR MOTLEY BROOM: Appreciate it. Thank you so much.

643 MR. WALTER REID: Have a good night, all.

644 MAYOR MOTLEY BROOM: You too. We will see everyone back for the regular meeting at
645 7:30.

646 MR. WALTER REID: Take care, everybody. Thank you. I appreciate it.

CITY OF COLLEGE PARK
MAYOR AND CITY COUNCIL
REGULAR SESSION
NOVEMBER 18, 2024

MINUTES

Present: Mayor Bianca Motley Broom; Councilman Joe Carn, Councilwoman Tracie Arnold, and Councilman Roderick Gay; City Manager Dr. Emmanuel Adediran; City Attorney Winston Denmark; Deputy City Clerk Queenie Brown; Interim City Clerk Cindy Hanson

Absent: Councilwoman Jamelle McKenzie.

Regular session meeting was called to order at 7:30 p.m.

1. Opening Ceremonies

MAYOR MOTLEY BROOM: Good evening. Welcome to the regularly scheduled meeting of the Mayor and City Council of the City of College Park. I'm Mayor Bianca Motley Broom. We have a quorum present with Councilmembers Carn, Arnold, and Gay. And so at this time, subject to my continued objections over Ordinance 2024-01 and the omnibus package this body passed the first week of January, I'll call the meeting to order.

Our first item on the agenda is the Pledge of Allegiance.

- A. Pledge of Allegiance to the Flag
- B. Invocation by Chaplin Walker
- C. Civility Pledge by Police Chief Rogers
- D. Announcements by Police Chief Rogers

2. Additions, Deletions, Amendments, or Changes to the Agenda

MAYOR MOTLEY BROOM: Thank you, Chief. Do we have any additions, deletions, amendments, or changes to the agenda?

COUNCILMAN CARN: I have a few.

MAYOR MOTLEY BROOM: Councilmember.

COUNCILMAN CARN: First thing, the -- the proclamations -- listen, I believe we're going to do it on the first week of December; correct?

41 CITY ATTORNEY DENMARK: Yes, sir.

42 COUNCILMAN CARN: Okay. So we're not doing that this evening. Also, I make a motion
43 that we add to the consent agenda item 9C as well as item 9D. City Clerk, as we're adding item
44 9C, there were some -- I wrote in corrections that I wanted in the approval that I provided on
45 piece of paper here. Small, slight changes there. Add that to -- to the consent agenda item 9C
46 and D, item 9C with the wrote in corrections.

47 INTERIM CITY CLERK HANSON: Would you like those read into the record?

48 COUNCILMAN CARN: Yes.

49 INTERIM CITY CLERK HANSON: The corrections? Okay. On section 8-59A, line 159
50 include the City Manager as number 6. Section 8106C, line 383, more than five fire department
51 responses. Section 8-106, line 384, more than 10 code enforcement citations. Section 8-106, line
52 386, more than 10 calls for police services.

53 MAYOR MOTLEY BROOM: Is there a second?

54 COUNCILMAN GAY: Second.

55 MAYOR MOTLEY BROOM: Adding an -- adding an ordinance that we're going to change to
56 the consent agenda with additional wording corrections that we got about 7:25 seems like a
57 really, really poor way to do policy because there's not an opportunity for anyone to actually have
58 a conversation about the 21 pages of changes that this -- this would bring.

59 And -- and also putting something on that isn't budgeted also seems like a real issue with using
60 the consent agenda in that format. Is there any discussion? Hearing none, we'll move to a vote.
61 All those in favor?

62 COUNCILMAN CARN: Aye.

63 COUNCILMAN GAY: Aye.

64 MAYOR MOTLEY BROOM: All those opposed?

65 COUNCILWOMAN ARNOLD: Aye.

66 MAYOR MOTLEY BROOM: All right. So Councilmembers Carn and Gay are in favor.
67 Councilmember Arnold is opposed. The motion passes and so those 9C and 9D will be moved to
68 the consent agenda.

69 **ACTION:** Councilman Carn motioned to add 9c.Consideration of and action on a request to
70 approve an ordinance by the Mayor and City Council to amend Article IV
71 (Nuisance Abatement) and adopt Article VII (Hotels, Motels, and Extended-Stay
72 Hotels) within Chapter 8 (Health and Sanitation) of the City of College Park, GA;

73 To repeal conflicting ordinances; To provide an adoption date; to provide an
74 effective date; and to provide for other lawful purposes, 9d. Consideration of and
75 action on a request to hire an Education and Community Outreach Coordinator for
76 a one year contract position that will serve all Wards, seconded by Councilman
77 Gay, Councilmen Carn and Gay voted in favor, Councilwoman Arnold opposed
78 and motion carried.

79 COUNCILMAN CARN: I did want to make one comment. First of all, this is just an addendum
80 to the current ordinances that we have. They are not 21 pages of changes. Actually, less than
81 four -- three paragraphs of changes, so -- and second of all, item -- the second item, it is a fully
82 budgeted item. It is in the community enhancement budget.

83 MAYOR MOTLEY BROOM: I didn't see the education community outreach coordinator in the
84 community enhancements of line items; so, I guess, that was -- is that from your community
85 enhancement budget?

86 COUNCILMAN CARN: From our literacy program.

87 MAYOR MOTLEY BROOM: I see. Any other additions, deletions, amendments, or changes to
88 the agenda?

89 COUNCILWOMAN ARNOLD: Hey. No. I -- I have a question. You said 9D is a part of your
90 community enhancements?

91 COUNCILMAN CARN: Yes. 9D? Yes. Yes.

92 COUNCILWOMAN ARNOLD: Okay. So the backup didn't say that, so that's why -- okay.

93 COUNCILMAN CARN: Actually, it did say that the backup -- if you read the document, it says
94 it's part of budgeted --

95 MAYOR MOTLEY BROOM: Could you point us to the page?

96 COUNCILWOMAN ARNOLD: It is a part of the community enhancement that -- those
97 initiatives that we had budgeted. I just didn't remember seeing it in there.

98 COUNCILMAN CARN: It's a part of the literacy program.

99 COUNCILWOMAN ARNOLD: I remember the literacy program. So, yes.

100 MAYOR MOTLEY BROOM: Any other additions, deletions, amendments, or changes to the
101 agenda? Hearing none, is there a motion to approve the agenda?

102 3. Approval of Agenda

103 COUNCILMAN CARN: Motion.

104 MAYOR MOTLEY BROOM: Thank you, Councilmember Carn. Is there a second?

105 COUNCILMAN GAY: Second. Second.

106 MAYOR MOTLEY BROOM: Thank you, Councilmember Gay. Any discussion? Hearing
107 none, all those in favor?

108 COUNCILMAN GAY: Aye.

109 COUNCILMAN CARN: Aye.

110 COUNCILWOMAN ARNOLD: Aye.

111 MAYOR MOTLEY BROOM: Thank you. That is unanimous.

112 **ACTION:** Councilman Carn motioned to approve the agenda, seconded by Councilman Gay
113 and motion carried. (All Voted Yes)

114 4. Presentation of Minutes of City Council

115 A. Workshop Meeting Minutes

116 MAYOR MOTLEY BROOM: Got the workshop minutes from November 18th. Is there a
117 motion?

118 COUNCILMAN CARN: Motion.

119 MAYOR MOTLEY BROOM: Thank you. Councilmember Carn. Is there a second?

120 COUNCILMAN GAY: Second.

121 MAYOR MOTLEY BROOM: Thank you, Councilmember Gay. Any discussion? Hearing
122 none, we'll move to a vote. All those in favor?

123 COUNCILMAN GAY: Aye.

124 COUNCILMAN CARN: Aye.

125 COUNCILWOMAN ARNOLD: Aye.

126 MAYOR MOTLEY BROOM: That is unanimous.

127 **ACTION:** Councilman Carn motioned to approve the Workshop Meeting minutes dated
128 November 4, 2024, seconded by Councilman Gay and motion carried. (All Voted
129 Yes)

130 B. Regular Session Meeting Minutes

131 MAYOR MOTLEY BROOM: Got the regular session minutes from November 18th. Is there a
132 motion?

133 COUNCILWOMAN ARNOLD: So moved.

134 MAYOR MOTLEY BROOM: Thank you, Councilmember Arnold. Is there a second?

135 COUNCILMAN GAY: Second.

136 MAYOR MOTLEY BROOM: Thank you, Councilmember Gay. Any discussion?

137 COUNCILWOMAN ARNOLD: I have a couple of corrections.

138 MAYOR MOTLEY BROOM: All right.

139 COUNCILWOMAN ARNOLD: Page 98, the line 2207. The name is Dakorty. That's
140 D-a-k-o-r-t-y, not M-c-C-o-r-d-y. And line 2199. There's a duplicate word. Highlight was there
141 twice. One just needs to be removed.

142 COUNCILMAN CARN: I have had the minutes of November 4th, not November -- did we say
143 November 18th?

144 MAYOR MOTLEY BROOM: I did say November -- I did say November 18th because that is
145 what the agenda said, and I apologize. This is actually from November 4th.

146 COUNCILMAN CARN: Unless we had a different set of minutes.

147 MAYOR MOTLEY BROOM: Madam Clerk, the -- the workshop minutes should be from
148 November 4th, not November 18th. Do we need to take another vote on that, or can the -- can
149 we just move forward with that correction?

150 INTERIM CITY CLERK HANSON: We can just move forward with the correction.

151 MAYOR MOTLEY BROOM: Okay. All right. So I presume that the motion and the second for
152 the regular session minutes from November 4th would stand for the November 18th one, so -- is
153 that right? I think -- I can't remember who made the -- the motion of the second on this one -- we
154 were still discussing. So --

155 INTERIM CITY CLERK HANSON: Arnold made the motion and Gay second.

156 MAYOR MOTLEY BROOM: Okay. All right. Still good with it being November 4th; right? It
157 said November 18th.

158 INTERIM CITY CLERK HANSON: Yeah.

159 MAYOR MOTLEY BROOM: Yeah. Okay. All right. Any other changes? Hearing none, all
160 those in favor?

161 COUNCILMAN GAY: Aye.

162 COUNCILMAN CARN: Aye.

163 COUNCILWOMAN ARNOLD: Aye.

164 MAYOR MOTLEY BROOM: That is unanimous. We're on to remarks of citizens.

165 **ACTION:** Councilwoman Arnold motioned to approve the Regular Session Meeting minutes
166 dated November 4, 2024 with corrections, seconded by Councilman Gay and
167 motion carried.

168 Pp 98, line 2207 – “Dakorty”
169 Pp 98, line 2909 - duplicate word

170 5. Proclamations, Resolutions, Plaques, and Announcements

171 A. Winston Denmark

172 DEPUTY CITY CLERK BROWN: Proclamations.

173 MAYOR MOTLEY BROOM: We removed that.

174 INTERIM CITY CLERK HANSON: The proclamation. Was that -- that was deleted?

175 COUNCILMAN CARN: Well, we -- we scheduled it for the December 2nd meeting, so that his
176 family could --

177 INTERIM CITY CLERK HANSON: Yes.

178 COUNCILMAN CARN: -- make sure they were able to attend.

179 DEPUTY CITY CLERK BROWN: I'm sorry. Councilman Carn, repeat that.

180 MAYOR MOTLEY BROOM: It's been removed from the agenda.

181 COUNCILMAN CARN: We moved the proclamation --

182 INTERIM CITY CLERK HANSON: To the December --

183 COUNCILMAN CARN: -- to the December 2nd meeting so that Mr. Denmark's family would
184 be able to attend.

185 DEPUTY CITY CLERK BROWN: Correct. But based on the ordinance you all passed;
186 proclamations presented have to be voted on at this meeting and then presented at the first, so it
187 would need to be voted on now.

188 COUNCILMAN CARN: Okay. Then we'll vote on it for December 2nd.

189 DEPUTY CITY CLERK BROWN: Okay.

190 COUNCILMAN CARN: Okay. All right.

191 MAYOR MOTLEY BROOM: Is there a motion?

192 COUNCILWOMAN ARNOLD: So moved.

193 MAYOR MOTLEY BROOM: Thank you, Councilmember Arnold. Is there a second?

194 COUNCILMAN CARN: Second.

195 MAYOR MOTLEY BROOM: Thank you, Councilmember Carn. Any discussion?

196 COUNCILMAN CARN: Okay. So it's set for December 2nd; is that right? Okay.

197 COUNCILMAN GAY: I'm -- I'm confused. It's got Winston Denmark. You're getting a
198 proclamation? You are?

199 MAYOR MOTLEY BROOM: Any further discussion? Hearing none, we'll move to vote. All
200 those in favor?

201 COUNCILMAN GAY: Aye.

202 COUNCILMAN CARN: Aye.

203 COUNCILWOMAN ARNOLD: Aye.

204 MAYOR MOTLEY BROOM: That is unanimous.

205 **ACTION:** Councilwoman Arnold motioned to approve a proclamation for Winston Denmark
206 to be present on December 2, 2024, seconded by Councilman Carn and motion
207 carried. (All Voted Yes).

208 COUNCILMAN CARN: Speaking of proclamations, at the end of the year -- now, you may not
209 know this because this is -- I guess, this was your first year; but at the end of the year, the Mayor
210 Pro Tem that has served on body receives a proclamation at the end of that service, by the way.
211 And that's something that we've done every year.

212 I got three or four of them, so you -- you -- you start to play catch up with the rest of us, I guess.
213 But, I guess, we do that -- we usually did it at the last meeting of the year -- every -- every --
214 every year. So that's -- that's -- we do that every year. Whoever serves as Mayor Pro Tem gets a
215 proclamation. This predates you. It predates you, as well, the Mayor probably too.

216 DEPUTY CITY CLERK BROWN: Okay.

217 COUNCILMAN CARN: That's just something that we've always done.

218 DEPUTY CITY CLERK BROWN: So you -- so Mayor Pro Tem December or January?
219 Because the last ones have been January.

220 COUNCILMAN CARN: No. We --

221 DEPUTY CITY CLERK BROWN: Because the term ends January.

222 COUNCILMAN CARN: Okay. Yeah. January is fine.

223 DEPUTY CITY CLERK BROWN: Okay. Yes, sir.

224 COUNCILMAN CARN: I think it is -- yeah. I think it is January. I don't want us to forget that.

225 COUNCILMAN GAY: I understand.

226 6. Remarks of Citizens

227 DEPUTY CITY CLERK BROWN: We have Richard Walker, 4360 Yates Road to discuss code
228 enforcement issues. Next, we have Adraine Booker, 5062 Ruthwood Circle to discuss CUP.
229 We'll put that off to public hearing.

230 MAYOR MOTLEY BROOM: You're here for the public hearing?

231 MS. ADRAINE BOOKER: Yes.

232 MAYOR MOTLEY BROOM: Okay. So we'll have -- we'll -- we'll have an actual hearing on
233 that to -- okay.

234 DEPUTY CITY CLERK BROWN: The next four people are also for the public hearing. Mose
235 James of Rugby to discuss Sagittarius.

236 MR. MOSE JAMES: Good evening. You know, I was -- I was excited about -- I had good
237 things to share until that ordinance got moved into the consent agenda. But I'm going to -- I'm
238 going to try to stick to the script. Good evening.

239 So yesterday, my wife and I -- we celebrated 22 years of being together. She asked me to be her
240 boyfriend 22 years ago yesterday, believe that or not. Now -- thank you. We were married for 14
241 years. I want to tell you something my mother told me early on.

242 She said I'm married to a Sagittarius, so be careful. Because she, too, was married to a
243 Sagittarius. And what happens is -- she said that she and my dad would get into these arguments
244 because she had an idea of something, he had an idea of something, and then she said you know
245 what -- he's never -- she's never going to let you know that you were right.

246 But she'll go home, and she'll think about it. But in the moment, she's not going to let you know
247 if she's right. And for 22 years, my mom was exactly correct. Because my wife and I will get
248 into these little petty things. She won't let me know I'm right, but she'll go home, and she'll think
249 about it, and we'll come back later.

250 Last week, many of us left this -- or two weeks ago, many of us left this meeting thinking that a
251 bathroom was going to be closed in Barrett Park. You know, we had all this chipping back and
252 forth. Pipes are going to burst. I live a block away from a park. My -- my -- my pipes froze one
253 time over the last seven years.

254 Vandalism. You know, they use all these things to scare us. And then there was one question that
255 was asked. It said is there a way that we can find out if people can come in and clean the
256 bathrooms, so we don't have to close them? But the City Manager said -- he said, I run the day-
257 to-day operations of the city, and I know what's best.

258 We're going to shut it down. McKenzie and Carn, they both said I agree. Shut down the
259 bathrooms. Then they said we'll bring in Porta Potties. Even though we spent \$750,000 on this
260 bathroom, they want to bring in Porta Potties now.

261 But, you know, I was excited when I learned on the agenda today -- I think some people went
262 home. They thought about it. They said, you know, it does not make sense to close down a three
263 quarter of a million-dollar investment when we could possibly bring in people to clean it up.

264 So just like my mom told me many times ago, your wife might not -- might not let you know you
265 were right in the moment, but she'll go home. She'll think about it. I want to thank you all for
266 listening to other people's ideas, collaborating, and coming up with a better way to move forward.

267 Imagine if we start doing that from this moment forward at every single meeting. Imagine the
268 great things that could happen here in College Park. Now, unfortunately, tonight we pushed a
269 whole lot of ordinances that we know nothing about, and it just feels like this is all for not again.
270 Thank you so much.

271 MAYOR MOTLEY BROOM: Thank you, sir.

272 INTERIM CITY CLERK HANSON: Next, we have Chisulo Ajanaku, 1840 Mercer Avenue,
273 Unity Day, December 26.

274 MR. CHISULO AJANAKU: I want to be quick. Mayor. City Councilmembers. Thank you.
 275 Thank you so much for your service. Thank you for supporting the work that I'm passionate
 276 about. I -- I want make a public statement, and I'll read it.

277 Today, I stand here representing United Action for the Advancement of Humanity. A not-for-
 278 profit organization that's raising the awareness of the establishment of December 26th as Unity
 279 Day in our community.

280 Unity Day represents a powerful opportunity for us to connect together on our shared concerns,
 281 desires, and the importance of a common purpose; the upliftment of our city and its citizens.
 282 Unity Day will remind us that despite our difference in culture, belief, and background; we share
 283 a common goal of harmony and progress.

284 By designing and designating December 26th as Unity Day, we not only honor the spirit of
 285 togetherness that follows the holiday season, but also encourage community members to engage.
 286 Engage in meaningful conversation to foster understanding and strengthening the bonds with one
 287 another.

288 Yet it is a day to participate in activities that promote inclusiveness and connectivity for our
 289 benefit and the people who are most concerned about the future of this city. This collective
 290 experience will -- will empower participants in our community in creating a legacy of
 291 compassion and cooperation for future generations.

292 Moreover, in -- Unity Day can attract visitors, boost local businesses, and enhance community
 293 image as we welcome and place -- welcome people in places and raise our first voices to be
 294 heard.

295 Finally, it reinforces the ideal that together we can overcome challenges and celebrate
 296 achievement. In conclusion, I urge you to support and participate. I urge our community to
 297 support and participate in activities for the establishment of Unity Day on December 26th. Let's
 298 commit to a future where unity is not just a concept but a cherished reality we foster every day.

299 Together we can make our community an exciting, shining example of how we work together in
 300 harmony and strength.

301 MAYOR MOTLEY BROOM: Thank you, sir.

302 MR. CHISULO AJANAKU: Thank you very much and thank everyone present. Look forward
 303 to your support.

304 INTERIM CITY CLERK HANSON: Next is Sasha, 1800 Phoenix Boulevard about utilities
 305 online.

306 MS. SASHA THE DIVA: Thanks. Hi. My name is Sasha The diva. I'm very new to the
 307 community far as my business is concerned. I just have a question about the utility bills. You go

308 online to pay the utility bill – as a business, you are only able to pay at \$500 increments, which to
309 me makes no sense.

310 So I have very large utility bills. My bills could be two, three thousand dollars; so I have to make
311 500; 500; 500 and then I'm being charged fees for that. I'm trying to understand why is it just a
312 limit of \$500 on paying the utility bills?

313 Very simple. So instead of having to come up here and see y'all's pretty faces and driving to the
314 drive through to make the payment. That's my only concern.

315 MAYOR MOTLEY BROOM: Thank you very much, and I think maybe we can have someone
316 reach out to you about that.

317 MS. SASHA THE DIVA: Thanks.

318 INTERIM CITY CLERK HANSON: We have -- okay. We have four emails that were sent in.

319 MAYOR MOTLEY BROOM: I think we're supposed to -- if anyone else -- Madam Clerk, if you
320 want to --

321 INTERIM CITY CLERK HANSON: Oh. I'm sorry.

322 MAYOR MOTLEY BROOM: If anyone wishes to speak who did not sign up, they can do that at
323 this time.

324 MS. STEPHANIE WEEKS: I -- I thought I signed up. Stephanie Weeks. Sorry. Stephanie
325 Weeks, 2050 Lyle Avenue. I want to read into the minutes the following and hope that we can be
326 reminded of the state of injustice at every council meeting until we receive remedy.

327 Nothing I am saying hasn't already been said but needs to be voiced continually and with more
328 vigor the longer and more thoroughly our mayor is silenced, so that we may uphold her voice and
329 efforts to hold this body accountable to its electorate.

330 Our city residents twice elected our mayor with a certain understanding of her rights and powers
331 with regard to both parliamentary and executive functions. Each member of this council was
332 elected into a system historically known to function as a strong mayor governance but took it
333 upon themselves to transform it into a weak mayor system without knowledge or approval from
334 its citizenship.

335 This council decided for us without notice or public hearing to fundamentally upend the very
336 structure of our governance to suit the desires of four sitting council people -- persons. In
337 attempting to silence and curb our mayor, you are stealing power not from her, but from your
338 very constituents by curtailing what will and won't be disclosed at public meetings, and who will
339 and won't be hired and fired.

340 And when our mayor attempts to keep we the citizens informed by asking questions on matters to
341 be voted on with little to no information extended to the public, she is silenced again. All this is
342 taken from us while sitting council persons righteously invoke transparency as a smokescreen
343 and reason to malign their own staff.

344 All of this is taken from us while stoking racism as a weapon of division and exploiting
345 economic need as a tool for garnering low-hanging support. No one needs backpacks and hot
346 dogs today in place of economic prosperity and safety tomorrow.

347 All this while selling our property without our consent and welcoming clearly stated on
348 unwanted and potentially dangerous industrial neighbors while simultaneously accepting an
349 undocumented and previously undisclosed \$1.6 million grant from the same interloper.

350 You may think you are undermining a mayor; but, in fact, you are undermining your
351 constituency, your community, and your own neighbors. In the name of the transparency and
352 immunity you invoke, you should reconsider and remedy these mistakes, your mistakes.

353 If you don't, there will be damage and harm to our community economically, environmentally,
354 and culturally. It has already begun, and some of it may have lasting effect for generations. We
355 will not presume to know your motives if you will not presume to decide our fate for us.

356 If there is goodness in your motives, maybe it will be at your own hands. If there's malice,
357 possibly through the courts; but most likely at the hand of your electorate at your next election.
358 Citizens extend you --

359 MAYOR MOTLEY BROOM: Thank you. Thank you.

360 MS. STEPHANIE WEEKS: So he was going to speak also.

361 MAYOR MOTLEY BROOM: If -- if you got three minutes --

362 MR. JOHN WEEKS: I save my three minutes.

363 MAYOR MOTLEY BROOM: All right.

364 MS. STEPHANIE WEEKS: Thank you, John. Remedy will come if there is goodness in your
365 motives, maybe at your own hands. If there is malice, possibly through the courts; but most
366 likely at the hand of your electorate at your next election.

367 Citizens extend grace while waiting for public officials to prove they have our best interests at
368 heart as promised, but with time, grow weary of lies and malfeasance. So be careful who you
369 silence. It may just be yourselves. Thank you.

370 MAYOR MOTLEY BROOM: Does anyone else wish to speak?

371 MR. LARRY BRADY EVANS: Greetings, Mayor, City Council, all elected officials, and the
372 citizens of College Park. For the record, my name is Larry Brady Evans. I reside at 2112 West
373 Princeton Avenue, College Park, Georgia. I'd like to greet you all tonight in the greetings of
374 peace. A couple of concerns I have surrounding my -- my home.

375 First, Councilman Gay, I'd like to commend you on the wall that you have over on Herschel
376 Road, you know, with the other officials. I think it looks very nice. The concern I have is a
377 property that's next to my home. The city owns these two properties -- really all three of them.

378 But there's a tree that's leaning over that threatens to fall on my house. I don't know if the city
379 will be held responsible if this tree falls on my house that cause serious damage to me or my
380 family members.

381 I just want you all to know ahead that that's what's going on. And for the last 10 years, I've been
382 taking care of those properties over there. I've been cutting those yards myself. Haven't gotten a
383 penny from the city. Haven't even asked.

384 I just hope and pray that you all hear me out to what I have to say. And I hope and pray that you
385 all have digested your trick-or-treat candy, that you move forward into Thanksgiving. The time
386 of the year when families come together and really renew the vows. What it really means to be
387 family and friends.

388 Not so much bickering like the citizen just came up. She seemed very disappointed in what's
389 going on here at the council with the mayor, and I think the officials. Well, me personally, I'm at
390 peace. It doesn't matter to me who sits where you sit as long as you do your job.

391 And that's the same way I feel about the White House. It don't matter to me who ended up --
392 Trump or Harris or whomever. God is over the throne, and that's what's going to go on. So as I
393 leave you all tonight, I hope and pray that you hear what I have to say because I'm in College
394 Park -- to stay. Thank you.

395 MAYOR MOTLEY BROOM: Thank you, sir.

396 MR. LARRY BRADY EVANS: I'd like to leave you as I came before you in the greetings of
397 peace. Thank you.

398 MAYOR MOTLEY BROOM: Does anyone else -- else from the audience wish to speak?

399 MR. ROMAN: Good afternoon Mayor and Council. Roman (indiscernible), 3707 Main Street,
400 College Park. The history of this country is built on slavery. The institution in this country is a
401 pattern behind slavery because slavery is one of the most successful institutions in this country
402 where you had a centralized model where most of the power was at the top and very little powers
403 at the bottom with the workers.

404 We recognize that a centralized model kins to slavery. It leads to a lot of exploitation; a lot of
405 fraud; a lot of things happening that we didn't want to happen as city builders. So we sought to

406 bring in a decentralized model to be something different and better than the slave model that was
407 in this country.

408 And the decentralized model is where more power is invested in a wide range of people, and less
409 power is invested at the small, narrow top of the chain. And we tried this model with city
410 government.

411 We wanted to diversify city government where you have a decentralized central government, and
412 you have a centralized city government. That's why you have a mayor that has more power. You
413 have a mayor that has less power.

414 What we recognize is that when you have a more decentralized model, then the mayor serves as
415 not a weak mayor. She serves the most important role in this development and call it neutral
416 mayor and objective mayor.

417 You bring neutrality and objective to a situation that need to be balanced off. And when you do
418 that, your system works better. So you're in a more decentralized model that's supposedly much
419 better than an old model that built in this country to help make things work better. Mayor, you
420 really have the most important role in here.

421 When your council is deliberating and cannot make a decision, an objective, neutral person has
422 the power to step forward and move things forward in this system. So really in terms of being in
423 city government for the last 25 years, we found that the most efficient, most effective form of city
424 government is where power is spread out, decentralized among many as opposed to one.

425 And we -- we as -- as -- as GMA have encouraged more cities to adopt the very model that you
426 did. It's the most successful model we have in this country. Thank you very much.

427 MAYOR MOTLEY BROOM: Thank you, sir. Does anyone else wish to speak? All right.
428 We'll go to emails.

429 INTERIM CITY CLERK HANSON: Our first email is from Tom Clark -- Tom Coleman.
430 Excuse me. Dear Mayor and Council. Item 9C includes several new ordinances. These are
431 complex and may have many ramifications.

432 It would be best if these were initially brought up in workshop for a full examination. The
433 council package has this 21-page-long set of ordinances, but no staff report on why the ordinance
434 set needs updating nor what the problems are that need to be addressed.

435 No staff comments by the code enforcement, police, fire, or other affected city departments as to
436 impact on their areas of responsibility are provided. Similarly, there is no comparison of what
437 the old ordinances being revoked in their entirety say and what the new ones do.

438 Additionally, time is needed to parse these ordinances and allow the property owners affected to
439 weigh in. This item should be tabled and brought up in workshop. Regards, TL Coleman, Jr.

440 The next email is from Rose Bolden in Ward 4. As a concerned citizen, I want to understand why
441 Councilman Joe Carn is adamant that the Council have two meetings in December 2025 when he
442 and Councilman Roderick Gay coordinated council meeting absences that affect staff, city
443 businesses, and citizens in November and December 2023.

444 Now there's a concern about the council having two December meetings in 2025. College Park
445 citizens, please, take note and beware. Joe Carn, Roderick Gay; Jamille McKenzie; and the rude,
446 disrespectful City Manager, Dr. Emmanuel Adediran are coordinating to push forward their
447 agendas with zero concern for staff, the city, or citizens.

448 It's a continuation of the illusion of transparency and false concern for city and citizens. Also, it's
449 my understanding that the city manager is an employee of the city. So in what role does an
450 employee point his finger, raise his voice, and speak disrespectfully to a mayor who was elected
451 by the citizens? It's a world where he has been emboldened by actions of council. Actions will
452 always speak louder than words.

453 The next is from Robert Wolf. Hello, Mayor and Council members. I live on West Lyle and
454 would like to express the need for more speed bumps to be installed down Lyle, Harris, and
455 Flowers; please.

456 We have a constant flow of speeding traffic, especially during the morn -- early morning and
457 afternoon timeframes; typically, around school drop off and pickup times. Can we, please,
458 discuss and research this need as it's becoming more typical? Thanks. Rob Wolf.

459 And then our last one is from Demetrius Taylor. Greetings, Mayor and Council. I am Demetrius
460 Taylor, nearly 17-year resident of Embarcad -- Embarcadero Club Apartments. Sorry. In Ward 2,
461 and I continuously say I'm not the voice of the people. I am the people.

462 My concerns this evening are as follows: we've been inundated with neighbor uproar about the
463 battery storage facility, but I'm flabbergasted that we have not heard a word about the cell towers
464 that are planted in the city of College Park on -- on Bill Evans Field that is under heavy criticism
465 and scrutiny because of its sale.

466 I've only learned of this within the last two weeks, and I'm perplexed as to when this was decided
467 and how many of it -- how many, if not all of the residents were made aware that such towers
468 were going to be planted so close to the housing authority with the amount of dangerous radiation
469 that emits from them.

470 With all of the excitement about possible fires and possible dangers that could come from the
471 storage facility that's not in the city, we have direct radiation dangers in the city, and I've not
472 heard any outrage about -- any outrage about the dangers of calls.

473 Is this one of the reasons why the field has been kept under lock and key and has not been used
474 but by outside scheduled or planned events? Why aren't we utilizing the land adjacent to the
475 railroad tracks to store such towers as they would have provided excellent space and been away
476 from the residential area like the housing authority?

477 And that assessment is based on having our parking in that area as well as the depot itself. At the
 478 same time of my perplexity about the cell phone towers, I am wondering why we can't have
 479 improved Wi-Fi services throughout the city as we have many dead zones that knock out
 480 networks and signals, which causes major frustration with residents and visitors alike, especially
 481 at the GICC when we have to use the Wi-Fi to access our tickets or other pertinent information.

482 I've been stating this for over a year now that the West Point Road needs to be repaved, and the
 483 yellow divider lines need to be strengthened as the road is the connector to Best Road. That road
 484 is in a great need of repair and need to be well lit.

485 The trees hover over the road preventing maximum site access and also creates cubby areas for
 486 cars to sit off the road unseen until closely approached. That's it.

487 MAYOR MOTLEY BROOM: All right. We have public hearing.

488 7. Public Hearing

489 A. Conditional Use Permit for Vape Shop

490 MS. DEBORAH ROGOFF-EZRA: Good evening, everybody.

491 MAYOR MOTLEY BROOM: Good evening.

492 COUNCILMAN CARN: Good evening.

493 MS. DEBORAH ROGOFF-EZRA: Okay. We have an applicant, Adraine Booker, who is
 494 requesting a conditional use permit for a vape shop at 4843 Old National Highway. It's in a C2
 495 community business district, and it is located in the discount plaza or the International Plaza
 496 commercial strip center.

497 Per appendix A, article 3, division 11, section 3.35; conditional uses under business uses, an
 498 action was taken by City Council on September 16th, 2024, to require an additional use permit
 499 for vape shops in the C2 and the business park districts.

500 Because of this, the applicant who was originally applying for a business license was required to
 501 submit an application for the conditional use permit. Surrounding land uses are industrial
 502 business park, office of personal services, commercial, and the right of way for the AWP
 503 Railroad, Roosevelt Highway, and Sullivan Road.

504 The comprehensive plan designates the property as suburban commercial. The proposed location
 505 of the vape shop is in a -- let's see the size -- approximately 1000 square foot business at the
 506 corner of the multi-tenant strip center.

507 Each tenant has their own address. There are restaurants on either side of the proposed suite and
 508 throughout the center. There is a private event venue in the complex. There's retail, personal

509 services; and there's a gas station adjacent to the entrance of the center, which also is a
510 convenience store.

511 Currently, there are two vape shops in the city: Bud House Smoke and Vape at 1622 Virginia
512 Avenue in the Virginia Station Shopping Center in the downtown commercial district and Vape
513 Kulture at 5015 Old National Highway in the C2 District to the south. There are eight smoke or
514 vape shops that have been identified in the vicinity surrounding the College Park.

515 They are mostly located in South Fulton and East Point, and there's two in Hapeville. Because of
516 the nature of the proposed business, special attention to maintaining distances between the vape
517 shop and sensitive uses -- which are uses such as schools; multi-family residential; religious
518 institutions; parks; open space; recreational centers; libraries; public facilities -- it is important
519 that we look at those distances in the determination of the approval for the conditional use
520 permit.

521 In the process of determining appropriate standards to regulate the locational aspects of the vape
522 shop to protect the sensitive uses, I first did some research and looked at which -- uses which by
523 nature of the products sold have similarities to a vape shop. This includes package liquor stores
524 and convenience stores.

525 It was found that these uses generally are subject to a requirement that a conditional use permit
526 be approved and or -- and or adherence to developmental use standards. The city uses minimum
527 standards stipulated by the state for package liquor stores. We do not have any specific distance
528 requirements for convenience stores.

529 But the state requirements for a package liquor store from sensitive uses requires 300 feet from
530 churches and parks, 600 feet from schools, and 3000 feet distance between other package liquor
531 stores. Those are the only established distance requirements that we have in the city for uses that
532 require conditional use permit.

533 I then conducted a cursory review of ordinances from jurisdictions in the Atlanta region, which
534 are predominantly in the South Fulton area that pertained to vape shops. There are a number of
535 jurisdictions that currently have established moratoriums or prohibit vape shops. Those that do
536 permit them do have stringent standards for distances.

537 In general, the distances ranged between 300 feet to 2000 feet for a public school, a private
538 school, MARTA properties, daycare centers, libraries, religious institutions, parks, playgrounds,
539 recreational areas, and other public locations. Those jurisdictions that I reviewed also had
540 distance requirements between retailers of alternative nicotine suppliers, which ranged between
541 600 feet to 300 feet to a similar business.

542 I did -- and it's in your package. I conducted a cursory review of sensitive uses and the existing
543 vape shops in the vicinity to ascertain approximate distances between the subject address for the
544 vape shop and the different uses.

545 I used an approximate viewpoint distance of 1000 feet between the front entrance of the proposed
546 shop to the property line of a sensitive use, and that was, As the Crow Flies -- flies, not as you
547 follow the roadways. Only a few residential units at the southern end of Winthrop Drive are less
548 than the high -- hypothetical standard of a thousand feet that I use.

549 However, they are physically separated by two major city arterials and the AWP Railroad, which
550 is an approximate 325-foot right of way. So there is not a direct access between the ends of the
551 residential property and the proposed vape shop location.

552 The remainder of the uses in the matrix do exceed that midpoint. I also used a midpoint between
553 vape shops of 2000 feet to determine how far the existing vape shops are in the city. The vape
554 shop at -- on Virginia Avenue is -- is quite a distance, and that is not a significant proximity issue.

555 The existing Vape Kulture store at 5015 Old National Highway does not meet a 3000-foot
556 threshold, but it does meet a 2000-foot-distance threshold. Although there is a 550-foot right of
557 way between the I25 and A285, and that separates somewhat physically the two vape shops
558 within this -- the city on Old National Highway.

559 I did make findings in the analysis that the application for the conditional use permit does
560 comply with the City of College Park zoning ordinance and the proposed location is generally
561 compatible with the character and intensity of surrounding commercial land uses based on the
562 distance of over -- at or over one quarter of a mile to the sensitive uses.

563 However, future tenants of the International Plaza should this CUP be approved, will have to
564 consider proximity of their use to the vape shop to determine compatibility. There may be some
565 that cater to school or youth that may not be appropriate adjacent to or within walking distance of
566 the vape shop if it is established there for future residents of the International Plaza.

567 So that needs to be considered in your determination. I did require that the operation only be
568 operated between nine -- 9:00 a.m. and 9:00 p.m. with reduced hours on Sunday. So they're not
569 open late like a convenience store would be. They would have to close at -- at -- generally when
570 other businesses -- retail businesses close.

571 There is a hardship to the applicant should this CUP not be approved, and that is that they would
572 have to terminate their lease on the property, which they signed several months ago, and they
573 have already begun some interior renovations and set up. So they would have -- they would have
574 to terminate their business at that location.

575 The proposed use is in accordance with the comprehensive plan and the future land use map,
576 which has the land use designation of suburban commercial. So that would not require any kind
577 of resell. The Planning Commission considered the application for the conditional use permit on
578 October 28th, 2024.

579 They determined that in this circumstance, given that the specific distances that the city wants to
580 impose on future conditional use permits have not been codified yet, and the planning
581 commission at our next meeting is going to discuss what distances they feel are appropriate that

582 they would want to recommend to council to make it to an ordinance, so that we have specific
583 distances as a requirement for vape shops.

584 At the moment, we do not have that. Based on that, the Planning Commission determined that
585 based on a 2000-foot distance between similar alternative tobacco establishments that the
586 conditional use permit be approved. That's the recommendation.

587 If the council feels that a 2000-foot separation is appropriate, then staff recommends approval of
588 the conditional use permit to allow the use at 4843 Old National Highway as a vape shop.
589 According to specific conditions that number one, all state licensing requirements are met; that
590 the hours of operation be limited to 9:00 a.m. to 9:00 p.m.; that only alternative nicotine products
591 and accessories as specified in the definition in the code will be permitted to be sold on the
592 premises.

593 There will be no outdoor display or seating, and that the Public Safety Department should --
594 should review and make any recommendations as a condition of business license when that is --
595 if this is approved -- when the business license application comes in, that the public safety review
596 the application and make any additional recommendations as a condition. And that is all I have.

597 MAYOR MOTLEY BROOM: All right. Thank you very much. Hear from the applicant --
598 there's -- come on up.

599 INTERIM CITY CLERK HANSON: We do have two people that have signed up to speak.
600 Adraine Booker.

601 MAYOR MOTLEY BROOM: Oh. I'll -- I'll open the public hearing.

602 INTERIM CITY CLERK HANSON: I'm so sorry.

603 MAYOR MOTLEY BROOM: That's all right. Thank you. I appreciate it.

604 MRS. ADRAINE BOOKER: Good evening. Good evening. Nice to meet you. Nice to meet
605 you, Council. I just want to say that it has been a lengthy process with trying to open up our store
606 in College Park, but we have made improvement to the location as well with our own funds.

607 And the only reason why we move forward with making the changes and upgrades to the
608 location -- when I first started out looking to open up a store in College Park -- the city of
609 College Park, first of all the land -- I spoke with the landlord, he -- he actually really wanted a
610 vape store there, so that's what made me move forward on it.

611 Then also between me and my husband and my son, we both looked at the area several times of
612 the day just to check out the environment, the people, and make sure it felt safe for us, which that
613 checked out.

614 But then we did our homework with coming up here -- at the time, we spoke with Ms. Belinda
615 along with -- we had my realtor. She had reached out to -- also for us on our behalf to Ms. Ezra,
616 and they explained about the CUP.

617 But Ms. Belinda also explained to me that she would no -- under no circumstances, send out an
618 inspector or fire -- code inspector until the store was built out because we hadn't done anything at
619 that time. And I said, well, what -- what do you mean? What -- what are you asking me to do?

620 So she said set the store up. You don't have to have your products there, but go ahead and set the
621 store up; make your changes; do what you're going to need to do. So when I -- when you come
622 back in and say, hey, I'm ready.

623 When they come to that store, they can see what it's going to look like, and make sure it is safe
624 for customers to come in, and how it's supposed to look. So that's what we did; and when I was
625 at that point where I was ready and I built it out, we made the changes; got our approvals for
626 whatever we was doing.

627 I came in and I said, okay. It is done. Then when I come in, it's just -- I come to the meeting --
628 planning zoning meeting. The first one was canceled due to no shows or whatever, call out.
629 Whatever happened that day. But I just want to say we're not looking to bring a problem to the
630 community. We're looking to enhance the community.

631 Our mindset is to have the best-looking store over there in that plaza to bring a good environment
632 to that plaza.

633 MR. CLARENCE BOOKER: Bring jobs to community.

634 MS. ADRAINE BOOKER: Yep. Bring jobs to the community as well. Also, I do have -- I don't
635 have -- I have a question regarding even with our time -- store operating hours. I mean, we sit
636 right next to a club, Jamerican. I don't know who's familiar with the plaza, but you got a club
637 there that's right there, and it's open till 3:00 a.m. in the morning.

638 They don't open up till, like, 10 or 11 and, you know; close to noon, lunchtime. So, you know,
639 my idea -- it's not, of course, to stay until 3:00 a.m. in the morning. No. I'm not going to do that,
640 but just to try to cater to that business as well.

641 Along with -- you got a sports bar on the end. Like she said, we do get an event store, and I do
642 sit next to a restaurant on my left side here. But I think in y'all packages, you should see the
643 improvements I've done.

644 And my desire is to continue to try to help keep the plaza improved. I must say I love the
645 presence of College Park Police. They're there all times of the day whether it is morning; noon;
646 night, but they're there. They're present in that plaza.

647 That plaza has seemed to have ran very safe and -- and with a sense of order, you know -- order
648 with no problems, and I like that. But I'm just looking to open up my business, me and my
649 husband, and get started.

650 And just to bring something positive to the community and nothing bad to the community. We
651 ain't looking to, you know, tear down the community; but to bring up the community. We have
652 been in business. We got a construction company. We've been in business for almost 30 years
653 with our construction company.

654 It's called the Demo Group, and we've done work all over Georgia. We've done work in the city
655 of College Park. We done took on some projects here. So, I mean, we're just entrepreneurs,
656 business owners, and looking to just, you know --

657 MR. CLARENCE BOOKER: Continue doing business.

658 MS. ADRAINE BOOKER: -- continue doing business. Good business and we're just asking for
659 our approval.

660 MAYOR MOTLEY BROOM: All right.

661 MS. ADRAINE BOOKER: And we also - I would like to say also though -- another thing I
662 would like to say with -- with our business, if there's any way we can implement any type of
663 involvement in -- in the community of the city of College Park, we don't have a problem with
664 that as well.

665 Because we've been in business a long time, so we understand, you know, just giving back to the
666 community some kind of way, you know, and that's pretty much it.

667 MAYOR MOTLEY BROOM: All right.

668 MS. ADRAINE BOOKER: I want thank y'all for listening to me, hearing me out. Okay.

669 MAYOR MOTLEY BROOM: Appreciate it. Thank you.

670 MS. ADRAINE BOOKER: You're welcome. Thank you.

671 MAYOR MOTLEY BROOM: At this time, I'll declare the public hearing open. Anyone wishes
672 to speak on this application, they can come down.

673 MS. SASHA DADIVA: I'm going to be honest with you. I don't even like vape shops. I'm not a
674 smoker, but to hear you and what you have done and the money that you have put out there as
675 business owners, I would hope that you would support them because to sign a lease, to make all
676 those renovations, if you're following what someone's telling you from the city to do it; that
677 would be so unfair and devastating to that family to -- to lose so much -- to lose so much money.
678 So I, you know, I pray for you, and I hope that they support you guys. Okay. Even though I -- I
679 don't vape.

- 680 INTERIM CITY CLERK HANSON: We do have two people signed up, Mayor.
- 681 MAYOR MOTLEY BROOM: Ms. Booker, I think, it was one of them.
- 682 INTERIM CITY CLERK HANSON: Okay. And her husband.
- 683 MAYOR MOTLEY BROOM: Anyone else wish to speak? All right. At this time, I will declare
684 the public hearing closed. Is there a motion?
- 685 COUNCILMAN CARN: Motion to deny.
- 686 MAYOR MOTLEY BROOM: Is there a second?
- 687 COUNCILMAN GAY: Second.
- 688 MAYOR MOTLEY BROOM: Mr. Denmark, is there an issue facing us legally for -- for this
689 denial potential?
- 690 CITY ATTORNEY DENMARK: There -- there are some legal ramifications, Mayor, but I think
691 it would not be appropriate to discuss potential exposure on the part of the city in a public
692 hearing.
- 693 MAYOR MOTLEY BROOM: Okay. Further discussion? Hearing none, we'll move to a vote.
694 All those in favor of the denial?
- 695 COUNCILMAN GAY: Aye.
- 696 COUNCILMAN CARN: Aye.
- 697 COUNCILWOMAN ARNOLD: Aye.
- 698 MAYOR MOTLEY BROOM: That is unanimous.
- 699 **ACTION:** Councilman Carn motioned to deny Conditional Use Permit for a Vape Shop in the
700 International Plaza at 4843 Old National Highway in the C2 District, seconded by
701 Councilman Gay and motion carried. (All Voted Yes)
- 702 8. Consent Agenda
- 703 INTERIM CITY CLERK HANSON: We now have the consent agenda.
- 704 MAYOR MOTLEY BROOM: Is there a motion?
- 705 COUNCILMAN GAY: Motion.
- 706 MAYOR MOTLEY BROOM: Thank you, Councilmember Gay. Is there a second?

707 COUNCILMAN CARN: Second.

708 MAYOR MOTLEY BROOM: Thank you, Councilmember Carn. Any discussion? Hearing
 709 none, we'll move to a vote. All those in favor of approving the consent agenda?

710 COUNCILMAN CARN: Aye.

711 COUNCILMAN GAY: Aye.

712 MAYOR MOTLEY BROOM: All those opposed? Any abstentions?

713 COUNCILWOMAN ARNOLD: Aye.

714 MAYOR MOTLEY BROOM: Councilmembers Carn and Gay are in favor. Councilmember
 715 Arnold abstains. The -- the consent agenda is approved.

716 **ACTION:** Councilman Gay motioned to approve the consent agenda as listed below,
 717 seconded by Councilman Carn, Councilmen Carn and Gay voted in favor,
 718 Councilwoman Arnold opposed, and motion carried.

719 a. Consideration of and action on a request to approve an invoice payment for The
 720 Collaborative Firm, LLC in the amount of \$19,240.00 for College Park Planning
 721 Services. This is a budgeted item. Sponsored by City Manager, Dr. Emmanuel
 722 Adediran.

724 b. Consideration of and action on a request to approve an invoice payment for The
 725 Collaborative Firm, LLC in the amount of \$22,100.00 for College Park Planning
 726 Services. This is a budgeted item. Sponsored by City Manager, Dr. Emmanuel
 727 Adediran.

729 c. Consideration of and action on a request to approve annual agreement with
 730 PowerDMS, in the amount of \$10,211.34. This item is being requested by Chief
 731 of Police, Connie Rogers. This will service all wards. This is a budgeted item.

733 d. Consideration of and action on a request to approve a Holiday Incentive Bonus.
 734 This is a budgeted item. This item is requested by Director of Human Resources
 735 and Risk Management.

737 e. Consideration of and action on a request to approve New World cloud hosting
 738 contract. This item is being requested by Chief Information Officer, Michael
 739 Hicks. This is a budgeted item. This will impact internal city operation.

741 f. Consideration of and action on a request to approve the Supplemental Lease
 742 Amendment for the FAA Building. Item presented by Ron Williams, Colliers.

743
 744 g. Consideration of and action on a request to approve an ordinance by the Mayor
 745 and City Council to amend Article IV (Nuisance Abatement) and adopt Article
 746 VII (Hotels, Motels, and Extended-Stay Hotels) within Chapter 8 (Health and
 747 Sanitation) of the City of College Park, GA; To repeal conflicting ordinances; To
 748 provide an adoption date; to provide an effective date; and to provide for other
 749 lawful purposes. Sponsored by Councilman Joe Carn.

750
 751 h. Consideration of and action on a request to hire an Education and Community
 752 Outreach Coordinator for a one-year contract position that will serve all Wards.
 753 Item sponsored by Councilman Joe Carn.
 754

755 9. Regular Business

756 MAYOR MOTLEY BROOM: Item 9A, that's the city-wide event. Is there a motion to approve?

757 COUNCILMAN GAY: Motion to approve.

758 MAYOR MOTLEY BROOM: Thank you, Councilmember Gay. Any discussion --

759 COUNCILMAN GAY: I would like -- one second. One second.

760 MAYOR MOTLEY BROOM: I apologize, sir.

761 COUNCILMAN GAY: I wasn't finish with the motion. Motion to approve adding the Kids Fest
 762 and the Ward 4 Citywide Festival to the event schedule.

763 COUNCILMAN CARN: Second with discussion.

764 MAYOR MOTLEY BROOM: Always discussion. Thank you, sir. Go ahead.

765 COUNCILMAN CARN: Michelle. All right. So we talked about -- we'll move this parade to
 766 Godby.

767 COUNCILMAN GAY: Councilman Carn, I need to amend the motion. I forgot about the
 768 parade.

769 COUNCILMAN CARN: Okay. Yeah. I was going to say --

770 COUNCILMAN GAY: Yeah. My bad.

771 COUNCILMAN CARN: -- are will still going to --

772 COUCILMAN GAY: Mayor, I want to amend my motion to approve the calendar to add the
773 Kids Fest, Citywide Festival, and the Christmas parade to the calendar.

774 COUNCILMAN CARN: My discussion is still the same -- same, the schedule. Councilwoman
775 Arnold, I just want to make sure that -- that you're okay with -- so this is going to be the first,
776 Michelle, you know, obviously you want to work closely with police and fire, public works,
777 everybody that you normally work with to make sure this thing is a success. City manager --

778 CITY MANAGER ADEDIRAN: Yes, sir.

779 COUNCILMAN CARN: Communications -- communications is going be very important. We
780 don't want a lot of folks coming out to Main Street on the 7th thinking that this is where it's
781 going be. We're going to have a great event.

782 It's going to be better and bigger than ever. And if you want to participate, well, come on down
783 to Godby Road this year because those kids deserve a holiday parade too. And just for the
784 record, this will be the first time that we are spreading that holiday parade around the city. So
785 that's my comment.

786 MAYOR MOTLEY BROOM: Any further discussion?

787 COUNCILWOMAN ARNOLD: Yes.

788 MAYOR MOTLEY BROOM: Councilmember Arnold, go right ahead.

789 COUNCILWOMAN ARNOLD: The -- the decorations that we normally put up down Main
790 Street -- is it possible that we can also put some up on Godby Road since that's where we're
791 going to have the --

792 MS. MICHELLE JOHNSON: I am going to have to defer to -- Glen.

793 MAYOR MOTLEY BROOM: I believe there are decorations on Godby Road.

794 COUNCILWOMAN ARNOLD: No.

795 MAYOR MOTLEY BROOM: I mean, there's lighting that -- that goes up.

796 COUNCILMAN CARN: Mayor, I -- I think she's thinking about the same thing I am. You
797 know, we usually have the Christmas tree decorations there on Main Street. I think maybe
798 having that on Godby maybe at either the rec center or somewhere I think would be a good --
799 good plus for that community as well.

800 So we -- we want to bring that holiday experience down both ways. So usually we have the
801 group of the Christmas trees that are decorated for the businesses with -- how do we do it?

802 MS. MICHELLE JOHNSON: For the Tinsel Trail.

- 803 COUNCILMAN CARN: Tinsel Trail, yes.
- 804 MS. MICHELLE JOHNSON: That's CPMSA. You have to talk to them. That's their -- that's --
805 that was their specific --
- 806 COUNCILMAN CARN: Well, City Manager, I'd like to discuss with them and see if they'd be
807 open to maybe moving at this time and still be the CPMSA. Just be --
- 808 MS. MICHELLE JOHNSON: Okay. That's on lineup. You do that for -- the Monday night
809 lineup. That would be for the Christmas parade. That's a separate event.
- 810 COUNCILMAN CARN: Understood.
- 811 MS. MICHELLE JOHNSON: Okay.
- 812 COUNCILMAN CARN: Well, we're going to do some different things.
- 813 MS. MICHELLE JOHNSON: Yeah. That's -- that's -- I'm giving you the information.
- 814 COUNCILMAN CARN: Yeah. I know we usually light the tree at City Hall; is that right?
- 815 CITY MANAGER ADEDIRAN: Uh-huh.
- 816 COUNCILMAN CARN: But the Christmas Tinsel Trail is a separate deal. There have been
817 plenty of City Hall Christmas tree lights without the Tinsel Trail.
- 818 My -- this is just my suggestion is that we take a look at moving the Tinsel Trail to a different
819 location, so that some of the other residents get a chance to -- to -- to --
- 820 MS. MICHELLE JOHNSON: Yes. That would be a discussion with Ginger.
- 821 COUNCILMAN CARN: I'm sorry.
- 822 MS. MICHELLE JOHNSON: That would be a discussion with Ginger from CPMSA. I don't
823 have coverage side of the Tinsel Trail. That is their separate -- too, so I'm sure if you talked to
824 her.
- 825 COUNCILMAN CARN: Well, I mean, I think if, you know, we each gather a Main Street board
826 member and -- and -- I'll talk to mine to see if, you know, they're okay with it.
- 827 But I think it'd be good to change things up a little bit and move from one -- it's just as many
828 citizens along Godby Road that may enjoy the Tinsel Trail as there are up here on the north side.
- 829 MAYOR MOTLEY BROOM: Councilmember Arnold.
- 830 COUNCILWOMAN ARNOLD: Right. So I was speaking of the actual light post.

831 MS. MICHELLE JOHNSON: Yeah. Glen did confirm it. There are lights that they put on
 832 Godby Road.

833 COUNCILWOMAN ARNOLD: Okay. All right. I just wanted to make sure because I know
 834 when we did Juneteenth and when we did Memorial Day, there weren't any flags on the Godby
 835 Road.

836 So I want to make sure that since we're going to have a parade there, that we do at least have the
 837 lights on the post for the Christmas holiday.

838 COUNCILMAN CARN: Michelle, I still want to discuss the Tinsel Trail with the Main Street
 839 board to see if that's something they might be open to.

840 MAYOR MOTLEY BROOM: Any further discussion? Hearing none, we'll move to a vote. All
 841 those in favor?

842 COUNCILMAN GAY: Aye.

843 COUNCILMAN CARN: Aye.

844 COUNCILWOMAN ARNOLD: Aye.

845 MAYOR MOTLEY BROOM: That's unanimous.

846 **ACTION:** Councilman Gay motioned to approve the proposed City of College 2024-2025
 847 City Wide events with the addition to add KidsFest, Citywide Festival and the
 848 Christmas Parade to the event schedule, seconded by Councilman Carn and
 849 motion carried. (All Voted Yes)

850 MS. MICHELLE JOHNSON: Thank you.

851 MAYOR MOTLEY BROOM: We've got consideration of and action on a request to approve the
 852 hiring of park attendants for restroom coverage at Barrett, Phillips, and Zupp city parks from
 853 October 1st through March 30th. Is there a motion?

854 COUNCILMAN CARN: Well, a couple of questions to the Manager.

855 CITY MANAGER ADEDIRAN: Yes, sir.

856 COUNCILMAN CARN: I know Phillips, I guess, we, kind of, shared and I, you know -- I'm
 857 fine either way. I don't know -- I don't know how many folks we get -- we usually leave -- do we
 858 usually just leave them open?

859 COUNCILMAN GAY: I -- I was-- my question was going to be, we going to monitor that, we
 860 need to monitor Phillips. It's the most highly used park.

- 861 MAYOR MOTLEY BROOM: It's Barrett, Phillips, and Zupp.
- 862 MS. ROSE STEWART: Yes, ma'am. Phillips Park is included.
- 863 MAYOR MOTLEY BROOM: It's all three.
- 864 MS. ROSE STEWART: Yes.
- 865 COUNCILMAN GAY: Oh, it is?
- 866 MS. ROSE STEWART: Yes.
- 867 COUNCILMAN CARN: Well, I mean, we've had vandalism issues in Phillips before in the past.
- 868 COUNCILMAN GAY: And yeah. I have a question, Ms. Stewart. Why -- what's the issue with
869 rec -- what's the issue with policy with building and grounds? They can't manage this? That --
870 that's who do it currently; right? Building and ground?
- 871 CITY MANAGER ADEDIRAN: They don't have enough crew to keep it clean, sir. No.
872 Because all the guys that -- the crew that normally keeps it from -- I believe in April through
873 October, you know, they let them go at the end of October.
- 874 COUNCILMAN GAY: Oh. I see.
- 875 CITY MANAGER ADEDIRAN: So this is something new that --
- 876 COUNCILMAN GAY: Whatever y'all want to do.
- 877 MAYOR MOTLEY BROOM: Do you -- do you -- so, Ms. Stewart, do we have folks in the
878 pipeline for these jobs already?
- 879 MS. ROSE STEWART: No. We have not started the hiring process for those positions.
- 880 MAYOR MOTLEY BROOM: Then why don't we just contract with somebody? Because this is
881 supposed to be from October 1st through March 30th.
- 882 CITY MANAGER ADEDIRAN: Yes.
- 883 MAYOR MOTLEY BROOM: If we were to take another, say, 30 days to hire someone; we're
884 already at essentially almost Christmas. Why not take the opportunity to find a private firm that
885 could start next week or whenever as opposed to going through the process of hiring individuals.
- 886 That's just going to take more time to ramp up, and people still use the bathroom every day. I'm
887 asking the City Manager, and I -- and I -- I -- I'd just like your opinion on that, Dr. Adediran.

888 CITY MANAGER ADEDIRAN: I -- I can discuss that with the procurement and manager
889 tomorrow. See if she can explore that avenue and see what she can gather for us.

890 MAYOR MOTLEY BROOM: Councilmember Carn.

891 COUNCILMAN CARN: Well, couple things. I -- I think, you know -- I know we're one person
892 short here, and I don't want make a decision for someone else's park --

893 CITY MANAGER ADEDIRAN: Yes, sir.

894 COUNCILMAN CARN: -- without them being here. Rose, is this something that -- that could --
895 that could -- that could go December 2nd?

896 MS. ROSE STEWART: I'm sure that it could since Councilwoman McKenzie, you know,
897 spearheaded this project because of the concerns of the citizens in Ward 1. So I'm sure that it
898 possibly could.

899 COUNCILMAN CARN: Well, and I - I mean, I don't -- I don't know which -- which way she --
900 she wants to go with this thing, but, I mean, for -- for me in terms of Phillips park -- I mean, you
901 know, the wintertime obviously less people are going to be using the restroom facilities.

902 I do worry about vandalism. I do worry about homeless folks, you know, camping out in there.
903 Obviously, the wintertime you have less folks coming out picnicking and barbecuing and the
904 whole nine. I think it goes more towards the residential folks usage in the wintertime than -- than
905 anywhere else.

906 Which -- which to me would speak to, you know, they live close by where there's, you know --
907 their home is nearby. But I -- I -- I -- I'm fine with leaving it closed, you know, in terms -- this --
908 this is just my two cents in terms of Phillips park.

909 If there's an event or some kind of special situation going on, maybe we bring a Porta Potty out
910 there. If there's something planned, you know, maybe it's a significant amount of folks. I -- I
911 mean, if the kids are out there with the soccer thing -- I don't know if they do that in the winter,
912 but, you know, maybe pull one out then or something.

913 MS. ROSE STEWART: I think one of the concerns is that, you know, not only just having
914 someone there, you -- you're looking at sanitizing, cleaning -- you know, the cleaning around the
915 area where they have thrown debris out around the park.

916 So you're looking at that and in addition to making sure that it is monitored, you know, as far as
917 people coming and going. And so I think that's a whole general concern of having the attendants
918 in the park because they would be there every day.

919 COUNCILMAN CARN: Okay. Well, I do -- speaking for myself, I haven't gotten any concerns
920 about the need for that to be open in the winter. If my residents were complaining to me and
921 saying we need that restroom open in the winter, I'm going to listen to my residents' request.

922 But the stuff I've been hearing about is the stuff that we passed in this ordinance. That's their
923 concern. And so that's where I'm at.

924 So I'm fine either way, but I -- you know, if -- if can wait until everybody's here, you know, I -- I
925 think there might be a better decision, but I'm fine either way. Whatever -- whatever y'all think.

926 MAYOR MOTLEY BROOM: I've gotten quite a bit a feedback about -- about this issue. And
927 it's all been -- I -- I've not gotten any feedback from anyone who said we should keep these
928 restrooms closed. Folks use them when they're walking in the morning.

929 I mean, there are a lot of people that are walking regardless, you know, basically come almost
930 every kind of weather we've got. I'm just trying to understand what the most cost efficient,
931 expedient outcome is.

932 And I'm just concerned that it would -- that the ramp up to getting new people would essentially
933 maybe put us at the first of the year after the holidays. So can we explore all options? Can we --
934 can we come back with information about -- all right. If we're -- if we're hiring, great. How long
935 is it going to take to ramp up?

936 If we've got an opportunity to contract these services, how soon could they ramp up? What does
937 that price comparison look like? So we could make a decision that is in the best interest of the
938 community. Councilmember Arnold, I think you want to say something?

939 COUNCILWOMAN ARNOLD: I agree with both Councilman Carn and the Mayor.
940 Councilman Carn, the fact of wanting to hear -- since this is Councilwoman McKenzie's item.
941 She spearheaded it, you know, wanting to hear her voice especially with the additional
942 information that the Mayor is asking for to do the comparison to see what -- where her thoughts
943 are.

944 Personally, I -- I'm like Councilman Gay, you know, if the citizens want it, it's fine with me; but
945 it does make sense to have the additional information so that we make an educated decision on it.

946 COUNCILMAN GAY: And I -- I'd like to just make a comment -- two comments. And I just
947 want to say this for the record. There is an ordinance where the Mayor doesn't decide. That's
948 fine that she's asking for commentary, but I just want to go on the record.

949 That is our ordinance. And that's three -- that's three things that has been said. Next thing I want
950 to say is that in addition to the bathrooms -- with Phillips Park is more of an issue. It needs
951 patrolling overall.

952 We still have visitors up until the night. I mean, Phillips Park is a whole different world at night.
953 I had to call the Chief more than I want to call her to move cars or there's -- so my issue is not
954 just the bathroom; but if we going to have an attendant, perhaps they should just be a
955 continuation to provide other services. Trash --

956 MAYOR MOTLEY BROOM: Exactly.

957 COUNCILMAN GAY: You know, picking up the trash. And then the biggest issue with Phillips
958 -- I don't know about the other council members' parks -- but we go through so much trouble
959 renting a pavilion, but then they don't rent them.

960 They just show up and use them because we don't rent them in the fall or -- but they just there.
961 So on Saturday you got the rentals all -- so we might just need to revisit the entire -- how we --
962 how we want to monitor these bathrooms and these parks.

963 COUNCILWOMAN ARNOLD: Can we --

964 MAYOR MOTLEY BROOM: Councilmember Arnold.

965 COUNCILWOMAN ARNOLD: Can we table it until the --

966 MAYOR MOTLEY BROOM: Is there a motion?

967 COUNCILMAN GAY: To do what?

968 COUNCILWOMAN ARNOLD: To -- to table that.

969 COUNCILMAN GAY: You made a motion?

970 COUNCILWOMAN ARNOLD: I hadn't made it yet.

971 COUNCILMAN GAY: Make a motion.

972 COUNCILWOMAN ARNOLD: Okay. Yes. I move to table this until -- what -- our next
973 meeting.

974 MAYOR MOTLEY BROOM: All right. Is there a second?

975 COUNCILMAN GAY: Second.

976 MAYOR MOTLEY BROOM: Thank you, Councilmember Gay. Any further discussion?
977 Hearing none, we'll move to a vote. All those in favor?

978 COUNCILMAN GAY: Aye.

979 COUNCILMAN CARN: Aye.

980 COUNCILWOMAN ARNOLD: Aye.

981 MAYOR MOTLEY BROOM: That's unanimous.

982 **ACTION:** Councilwoman Arnold motioned to table the discussion for the hiring of park
983 attendants for restroom coverage at Barrett, Phillips and Zupp city parks from

984 October 1st through March 30th annually, seconded by Councilman Gay and
985 motion carried. (All Voted Yes)

986 COUNCILWOMAN ARNOLD: Thank you.

987 COUNCILMAN CARN: That's December 2nd, I believe; right?

988 CITY MANAGER ADEDIRAN: Yes.

989 10. City Attorney's Report

990 INTERIM CITY CLERK HANSON: City Attorney's report.

991 CITY ATTORNEY WINSTON: No. It's in the -- in the packet.

992 11. City Manager's Report

993 INTERIM CITY CLERK HANSON: City Manager's report.

994 CITY MANAGER ADEDIRAN: Yes. I also have a 32 page in the report, but there are a couple
995 of areas that I'd would like to highlight. This coming Friday, a meeting with the CW Matthews
996 and Prime and Josh -- Josh is the project engineer for the bridge that we will try to get as to when
997 the bridge will be commissioned and -- and open. We're looking at some time in February. This
998 past weekend, all the braces were put in place this past weekend, so that's what one I wanted to
999 highlight.

1000 I also want to commend the GICC, the power company, fire and police, and also public works for
1001 the sanitation, recycling, and -- elaborate recycling program that they -- they're doing, you know,
1002 right now with the help of (indiscernible). And that's the City Manager's report.

1003 MAYOR MOTLEY BROOM: Now, Dr. Adediran, I wanted to -- I know we've talked about this
1004 -- we've gone about this. There were some residents who got letters about service lines to their
1005 homes.

1006 Can you -- can you talk -- talk a little bit about the -- what those letters meant, and how folks
1007 should interpret them?

1008 CITY MANAGER ADEDIRAN: Well, those letters were -- it said EP is -- first and foremost
1009 state EPD and EPA requirements that the houses that were built prior to 1999 -- in the city of
1010 College Park, we still trying to find out exactly what's in the -- what type of pipes leads to the
1011 mill that goes to people's house.

1012 That's still being worked on right now. And that's why there's no definite answer as to this will
1013 be changed or that will be changed. We had a company that did the testing for -- for us, and we
1014 still don't have the result as to -- because -- I believe, I stated here before. I've seen pipes on the
1015 West Fayetteville. I've been in this business 40 or more years.

1016 I've never seen those kinds of pipes before. So what type, we don't know; but we have a private
1017 company that's still trying to find exactly, you know, what -- what those pipes are. And then --
1018 but we've met all the EPD, the state, and EPA mandate. That's what the letter is about.

1019 MAYOR MOTLEY BROOM: So for -- for individual residents --

1020 CITY MANAGER ADEDIRAN: Yes.

1021 MAYOR MOTLEY BROOM: When could they expect that they would hear some level of
1022 follow up, or do you have that -- do you have a timeline on that?

1023 CITY MANAGER ADEDIRAN: Once -- how long it would take the company to find exactly
1024 what type of parts we have prior, you know, before the meetings, I -- I can't tell you how long it
1025 will be; but once we found out, we'll let them know.

1026 MAYOR MOTLEY BROOM: Okay. So --

1027 CITY MANAGER ADEDIRAN: The -- the key is meeting the state EPD and EPA requirement,
1028 you know; and that's where -- you know, that -- that's what the letter is -- is about.

1029 MAYOR MOTLEY BROOM: Okay. So is there any action that any individual residents need to
1030 take?

1031 CITY MANAGER ADEDIRAN: No. Right now, no. No, ma'am.

1032 12. Report of Mayor and Council

1033 MAYOR MOTLEY BROOM: All right. Thank you. On to me. Spent a fantastic week last
1034 week with the National League of Cities. It's their 100th anniversary. And so they had an
1035 amazing city summit in Tampa.

1036 As a member of the board of directors, got there early; so we could talk about all the important
1037 things that are going on across the country in cities, towns, and villages. One of the things that is
1038 so important to our residents is push on rail safety.

1039 I've talked about this multiple times before, but certainly it came to a head in East Palestine, Ohio
1040 about a year and a half ago, and just know that NLC is on the forefront of those issues and is also
1041 working very closely with transition team.

1042 As President Trump builds his cabinet and builds his connections, NLC is working to establish
1043 those lines of communication to ensure that the voices of cities, towns, and villages across this
1044 country will be heard by the new administration, and they're looking forward to continuing to
1045 have those conversations.

1046 Certainly, one of the big things that we heard about -- and I say we because Councilmember
1047 Arnold was there, and I'm -- I'm not going to talk all about everything that we did, but we talked
1048 a lot about AI.

1049 It was a huge focus of the conference and how cities can incorporate AI as they move forward for
1050 efficiency and just getting staff and elected bodies and the entire community to embrace what AI
1051 can do to improve our communities.

1052 I know I got quite a few good ideas from it, and NLC has a playbook on it and a report. I had the
1053 opportunity to review that. I found it very, very helpful as I am not as well versed as
1054 Councilmember Arnold in AI, but it -- it was definitely a -- a great opportunity to learn more.

1055 And I'm hopeful that we can incorporate some of the -- some of the suggestions and some of the
1056 -- some of the tools that cities around the country are already using to -- to be better. Also, got
1057 the opportunity to participate on a panel about combating Nimbyism and talk about some of our
1058 concerns that have gone on in College Park, and how we overcome those, and how we talk with
1059 one another; how we continue to try to connect with one another.

1060 Sat down with the -- on the panel had two folks from the American Planning Association and the
1061 council president from Columbus, Ohio. They're doing some very bold thinking there around
1062 transit-oriented development; and, basically, took plots of land that could have held 6,000 units
1063 before their rezoning.

1064 And now they can hold 88,000 because they are going up. They -- they were only allowed to go
1065 about three stories prior to this, and now they have in their transit-oriented developments gone up
1066 to 16. So it is really -- it's focusing density in -- in various areas that are in Columbus that are
1067 close to transit.

1068 Obviously, they are home of the Ohio State University, so they have -- they have a different --
1069 different viewpoint on these things than -- than other communities do, but they are expected to
1070 almost double in size in the next 20 years. So they're looking to go from just under a million to
1071 almost 2 million, so they are trying to figure out how that works in their community.

1072 And there were great opportunities for us to learn from, not only Columbus, but it was a great
1073 conversation throughout the -- the conference. Want to thank all the amazing NLC staff for all
1074 that they do every day because they work especially hard to -- to make sure that we are well
1075 informed and good advocates for our communities.

1076 We had a good representation of Georgia there and it was -- it was good to connect with a lot of
1077 our counterparts across the state. So, Councilmember Arnold, I'm not going to steal your thunder
1078 on gas but know I am going to be there with it. It's going to be fun. So I think I'm going to leave
1079 it there. And Councilmember Carn.

1080 DEPUTY CITY CLERK BROWN: McKenzie.

1081 COUNCILMAN CARN: McKenzie, I believe, has a video.

- 1082 MAYOR MOTLEY BROOM: Oh, that's right. She has her video.
- 1083 INTERIM CITY CLERK HANSON: Yes.
- 1084 DEPUTY CITY CLERK BROWN: One second. Can we have Councilman Carn go first while
1085 we figure this out?
- 1086 MAYOR MOTLEY BROOM: Sure. Councilmember Carn, go right ahead.
- 1087 COUNCILMAN CARN: All right. So, City Manager --
- 1088 CITY MANAGER ADEDIRAN: Yes.
- 1089 COUNCILMAN CARN: The blinking lights along Camp Creek Parkway -- blinking lights. Big
1090 -- big issue. It's been going on for several months. I understand we touched base with GDOT
1091 about it as well; right?
- 1092 CITY MANAGER ADEDIRAN: Yes, sir. And I discussed it with Glen -- you know -- I
1093 discussed it with Glen, you know, as well.
- 1094 COUNCILMAN CARN: Okay.
- 1095 CITY MANAGER ADEDIRAN: Yes, sir.
- 1096 COUNCILMAN CARN: Well, apparently, it's not just the GDOT issue because on Lonnie
1097 Miller Drive -- you had Lincoln as well down that street. Some is down that street as well, so,
1098 you know, we see this wonderful bridge going up, and we don't -- we want to make sure the
1099 lights aren't blinking too much where folks can't see it.
- 1100 Very happy about the progress -- the bridge progress on Camp Creek. That is something that
1101 Councilmember Gay and myself fought for and lobbied for in D.C. with Congressman David
1102 Scott's office.
- 1103 We pointed out the fact to him that out of all of the Tiger Grant possibilities in the state of
1104 Georgia -- I think it was about 13 at that point -- this was the only Tiger Grant opportunity in the
1105 13th Congressional District. When he realized that, he picked up the phone and called Doug
1106 Hooker directly and put this bridge as a top priority for the state of Georgia.
- 1107 So we are very thankful to Congressman Scott for -- for -- for -- for making that happen. City
1108 Manager, thank you for the additional stop sign at the Wally Park four way. It makes a big
1109 difference. We don't want an accident there.
- 1110 According to some of my neighbors, we had some close calls there, so I'm glad to get that taken
1111 care of. There was a guy that came in today, actually, asking -- officer -- where's Officer Poarch?
- 1112 CITY MANAGER ADEDIRAN: She -- she's right there.

1113 COUNCILMAN CARN: Oh. There she is in the corner. Yeah. And he was -- he was asking
1114 Officer Poarch about -- about bicycle trails. I think he was a cyclist; and he was asking about the
1115 trails, you know, where they are; are they connected?

1116 We -- we -- I'm glad that we have a GIS map person in now. There's a larger list of maps that we
1117 are going to need, and one of them is the -- the trail -- the Phoenix Trail -- the Brady Trail;
1118 wherever it is. How you access it? Is it connected?

1119 I know we're going to be making some improvements to the trail, but I think this is the kind of
1120 stuff that should be on the -- you know, on the city website. And at one point when I check about
1121 it -- even our new council members, they need complete city maps; ward maps; the different
1122 types of maps that are really necessary, so they can, kind of, get a feel what's going on.

1123 So we want to make sure that we get that together. The other thing we wanted to refresh on all of
1124 the city owned property there, so we really need to work on that and make sure we're
1125 comprehensive there because there's been a lot of sales and changes, and we want to make sure
1126 that our maps are up to date.

1127 Speaking of maps, I don't know if everybody's seen this. Pass those -- one of those down,
1128 everybody. Has everybody seen the book -- the book we -- we -- we -- we put together? And this
1129 is, kind of, I guess, a picture book. A -- a -- a book about the city. An overview about the city.
1130 One of the best things about this, I guess, is that none of us are in the book.

1131 This is about the city of College Park, not the representation necessarily. But I thought to myself,
1132 I said, everywhere I've taken this, people were really, really impressed by the work. Cameron, I
1133 want to thank you for putting this thing together and modifying this thing.

1134 We also are working on the book for the Christmas event -- a BIDA Christmas event for our
1135 developers, a smaller version of this. We want them to know about the good things that are going
1136 on in this city. And like I always say, if you don't toot your own horn, I guarantee you nobody
1137 else is going to toot it for you.

1138 So we want people to be aware of this. Communications did a great job putting this together, and
1139 I thought to myself -- City Manager, I don't think there's any reason why these pages or -- or most
1140 of these pages or some of these pages should be on our city website somewhere.

1141 So when people go on that city website, they see what's going on in this city, and what we're
1142 about. I think it'd be pretty impressive, folks. It's great that we have it in a booklet form, but I
1143 think they need to -- some of this stuff needs to be incorporated into the city website some kind
1144 of way or another since we already got it set and digitized and the high-resolution photos and
1145 everything. So, Cameron, I hope you're hearing me back here -- back there.

1146 CITY MANAGER ADEDIRAN: She's back there.

1147 COUNCILMAN CARN: All right. So I like -- I like -- I know we're working on the website
1148 anyhow so. A couple other things: I want to send my heartfelt condolences out to the Stokes

1149 family on losing Mr. Anthony Stokes. He was a resident. He was a friend. He was a great guy
1150 in our community.

1151 He lived in the Camp Creek area, and he was funeralized last week, and I attended on behalf of
1152 the city and spoke on behalf of the city. We have to honor our residents, and we have to always
1153 share the residents, you know, in -- in victories and in the -- in the bad times -- so those that's out
1154 there, you know.

1155 Last thing I say, you know, someone mentioned in public comments about listening to other
1156 people's ideas, listening to residents' ideas. And I will just say that, folks, that's pretty much all
1157 that we do up here: listening to the concerns of our residents; listening to the ideas of our
1158 residents; listening.

1159 Where do y'all think that amazing community enhancement budget came from? It came from our
1160 residents of some of the stuff they wanted to see happen, and some of the stuff they needed to see
1161 funded in this community because let's not forget it's their tax money.

1162 Listening to other people's ideas. We do listen up here contrary to popular belief. That Nuisance
1163 Abatement Ordinance that we passed tonight, the addendum to it. That's comprised of several
1164 years of residents' complaints from all over our city. Did y'all know that? Yeah.

1165 Where do you think those guidelines come from to improve things in our city? A big part of that
1166 are from the concerns and complaints of our residents. I'm talking about listening to our
1167 residents; listening to their concerns. Now, there's been a lot of listening to our residents over the
1168 years, but, quite frankly, since this year; I think we're actually responding in a proper way -- in a
1169 much more proper way.

1170 And -- and I'm glad to hear that. You know, citizens are waiting for their elected officials to
1171 prove we have their interests at heart. Folks, we're proving it as best as we can; and speaking for
1172 myself, I'm going to continue to prove that I have the residents' concerns at heart. Otherwise,
1173 there's no need in any of us being up here.

1174 If you're not listening and hearing and making the changes that the residents are asking for, then
1175 there's no need in being up here. I think we're all listening, and we are making the changes that
1176 the residents want to see in this community.

1177 I also heard that we we're putting together stuff that hasn't been discussed in workshops. It hasn't
1178 been milled over and looked at. In terms of ordinances, we've been in workshop on those issues
1179 for a few years.

1180 We've had apartment task force meetings for two years listening to all of the concerns and the
1181 things we need to do to change our community and to get some of this blight out of our
1182 community. And for me, that's one of the goals that our residents -- that my residents have been
1183 requesting.

1184 So these old ordinances are not being revoked in any way whatsoever. That's -- that 21-page
1185 ordinance is not a new ordinance. We're not revoking an ordinance and replacing it with another.
1186 As a matter of fact, it's quite the opposite.

1187 That new ordinance is still in place, and the ordinance additions that we added -- they're
1188 reinforcing our ordinances. Our ordinances are being strengthened, folks. I want to make it
1189 clear, so the public has no misunderstanding of what we're voting on up here.

1190 Police Chief Rogers is here. Chief Jones is here. Last time I checked, I believe our ordinances
1191 are being strengthened; is that right?

1192 POLICE CHIEF ROGERS: That's correct.

1193 COUNCILMAN CARN: And they're being strengthened to provide for a safer, more secure city
1194 with higher standards. That's what these ordinances are about. That's what the changes are
1195 about. We're trying to take it up a notch in this city.

1196 We're not trying to degrade our ordinances. We're reinforcing our ordinances because these
1197 ordinances will make this city cleaner, safer, and a better place to live. The last time I checked, I
1198 don't think anybody is in opposition of that.

1199 If you are, raise your hand. So I just wanted to make that clear. Just to clear up any
1200 misunderstanding or misconceptions that we're doing up -- something up here that's not in the
1201 people's interest. It's in the people's interest.

1202 In 2025 with these ordinances in place; with staffing in place; with the City Manager at the helm;
1203 you're going to see some changes in this city that you haven't seen before in terms of better
1204 community cleaning; security; safety; code -- code enforcement; all of it.

1205 We're going to work hard to make sure we're doubling our efforts up here, but we have to have
1206 the proper ordinances and tighten things up to the level that some of our other cities have
1207 tightened up ordinances and restrictions that make sure that we get this blight out of here.

1208 And, you know, I can't speak for anybody else up here, but, folks; I got a vision for this city. I
1209 want to see this city striving and doing better than ever before. We're going to make big progress
1210 here, and we're going to keep making progress here.

1211 Last thing I got -- City Manager, the N.O.I.S.E Organization -- that stands for the National
1212 Organization to Ensure a Sound Environment. This is a nationwide organization for airport
1213 cities, and this is something that we have joined every year in terms of membership.

1214 Councilmember Clay was a board member of N.O.I.S.E. I was a former board member of
1215 N.O.I.S.E. And we want to make sure that we -- we -- I admit that membership fee is usually in
1216 our budget every year, so we are an airport noise city to the Nth degree.

1217 As a matter of fact, we are probably the noisiest airport city in the United States of America. So
1218 if we're not the level of noise, you know, God forbid. So we want to make sure that -- that -- that
1219 we -- we're a member this year.

1220 With this Six West Development coming onsite, we want to show them how a city can strive
1221 despite the airport noise. So -- so we want make sure we're reconnected with the N.O.I.S.E.
1222 Organization; Emily Tranter, who's the executive director here for many, many years. They've
1223 been doing a great job, and they got a lot of changes coming up with the administration and the
1224 FAA and so on and so forth.

1225 So we want to look forward to monitoring those changes and N.O.I.S.E., the organization helps
1226 us monitor those -- those changes to noise and so on and so forth and rules and regulations
1227 regarding the Hartsfield Jackson Airport. Okay. So that's all I got. Thank y'all.

1228 DEPUTY CITY CLERK BROWN: You ready for this?

1229 INTERIM CITY CLERK HANSON: I am. I'm sorry. I'm learning this system.

1230 MAYOR MOTLEY BROOM: So looks like we don't have sound. Councilmember Arnold.

1231 COUNCILWOMAN ARNOLD: All righty. Okay. So over the past couple weeks, I've -- I had a
1232 -- I had several meetings with -- and conversations with citizens, businesses, different legislative
1233 partners. And the purpose of me having those conversations -- and please forgive me -- I'm
1234 having to contact attack -- was to just get feedback on the services that are coming up in my
1235 office. I will continue to hold those conversations to get feedback for the remainder of the year,
1236 so that I can use that feedback. It can complement the initiatives that we're going to plan for
1237 2025.

1238 I also participated in NLC -- as the Mayor mentioned earlier -- in the NLC City Summit in
1239 Tampa. And the conference topics and the trainings were very timely and relevant to some of the
1240 things that we are seeing here in College Park, and what's going on nationally.

1241 We had the opportunity to hear from some amazing iconic guest speakers: Soledad O'Brien,
1242 Lindsey Vonn, Judge Hatchett. And the -- the session topics really brought home some
1243 information that we needed to hear about -- or at least I needed to hear about in reference to
1244 identifying and managing grants for infrastructure to leveraging AI for administrative services.

1245 And while I believe that we can greatly benefit from several of the tools that were highlighted at
1246 the conference, we have quite a bit of work to do to prepare. As Gordon Hinckley once said, you
1247 can't build a great building on a weak foundation.

1248 And the same can be said about a great city. It's my belief that we need to sure up our foundation
1249 to leverage some of the tools that I witnessed at the conference and the applications that could
1250 help us with streamlining our city services along with filling the gaps, like, a lot of the staff gaps
1251 that we have -- those vacancies.

1252 Some of the AI services that were -- were showcased will help us as we -- as we wait to fill a lot
1253 of those vacancies. And in one of the sessions, I heard from the mayor of Tempe, and in his
1254 session, he -- he's shared a vision; and I wholeheartedly believe what he said, and I operate from
1255 the stance with my own staff, which is as elected officials, we must provide a safe space for staff
1256 to be open and honest with us based on their professional expertise.

1257 Otherwise, we may not necessarily be making the right and best decisions, and we would
1258 constantly have to deal with things like high turnover; low morale; people being stressed out;
1259 which we don't want to do.

1260 So, Mr. City Manager, with your permission; I would like to work with IT, finance, and HR over
1261 the coming months to gather their feedback, their insights on some of the tools and services that
1262 were brought to my attention to see whether or not if they make sense for College Park; and if
1263 they -- if the experts feel like they make sense, then we could look at incorporating the cost for
1264 those tools in our next budget cycle.

1265 CITY MANAGER ADEDIRAN: As long as you run it, you know, straight through me, that will
1266 follow the -- the city charter, you know.

1267 COUNCILWOMAN ARNOLD: Yeah. Absolutely.

1268 CITY MANAGER ADEDIRAN: Not going to my staff and then, you know -- no. The city
1269 charter still have to be followed.

1270 COUNCILWOMAN ARNOLD: Well, no. That's why I'm asking now, right. So. Right. So --
1271 that they can actually look at the tools and give us feedback on whether or not if they think it
1272 makes sense for the work that they're doing --

1273 CITY MANAGER ADEDIRAN: Okay.

1274 COUNCILWOMAN ARNOLD: -- and then we can consider prioritizing those tools, the cost of
1275 them when we go through our next budget cycle.

1276 CITY MANAGER ADEDIRAN: Okay.

1277 COUNCILWOMAN ARNOLD: Yeah.

1278 MAYOR MOTLEY BROOM: Councilmember Arnold, I don't -- I apologize for interjecting, but
1279 I would like to work with you on that if you're -- if you're open to that.

1280 COUNCILWOMAN ARNOLD: Okay. So in the coming weeks, I will be hosting my final town
1281 hall meeting for the year, and those details are still being finalized and will be sent out in the
1282 Thriving in Ward 3 Newsletter, on our social media outlets, and on the websites. I've partnered
1283 with Granville and Nouveau for a toy drive.

1284 There is a donation box here in City Hall outside of customer service. So when you pass by a
1285 box, if you could just drop an unwrapped toy in the box, and we will provide more information
1286 about the initiative with the toys in the Ward 3 newsletter as well.

1287 On Friday, I will be passing out turkeys to our seniors. And finally, here's the big news that
1288 everybody wants to hear about: Gas on God. So I partner with Mega Faith Ministries and other
1289 legislative partners. The Mayor is going to be there.

1290 Our Fulton County legislative partners will be there as well. And we'll be giving away gas,
1291 filling up cars to a maximum amount of \$50. That will be Saturday at the Chevron on the corner
1292 of Old National Highway and Godby Road.

1293 And before anybody gets excited, there will be a limit. So you can't bring extra gas cans; fill
1294 your car up; take some home to your mama; think you're going to take a gas can home and fill up
1295 your -- your lawn mower. We are not doing that.

1296 There is a limit to the amount of gas that you can get. And as the -- the pastor -- Pastor Jesse
1297 said, this is going to be an epic event for the city, for Ward 3, and for the surrounding community.
1298 We are going to be touching so many people with this.

1299 And I'm just -- I'm happy to be a part of this initiative. We are still accepting volunteers. As I
1300 understand it, the -- the QR code that was sent out earlier that I posted on my social media does
1301 not appear to be working.

1302 However, if you want to volunteer for this initiative, we are asking that you send an email to
1303 cpward3@collegetparkga.com. That is c-p-w-a-r-d, the number 3 at collegetparkga.com. And I'm
1304 looking forward to seeing everyone there. Thank you.

1305 MAYOR MOTLEY BROOM: Thank you. Want to try it one more time?

1306 INTERIM CITY CLERK HANSON: I want to try it one more time.

1307 MAYOR MOTLEY BROOM: All right.

1308 INTERIM CITY CLERK HANSON: Thank you.

1309 (Video Played from Councilwoman McKenzie)

1310 The Ward 1 report for November 18th. Just to let you know some of the things that we've been
1311 up to in Ward 1. Events conferences. I had the distinct privilege of being able to represent the
1312 city of College Park at the National Foundation for Women Legislators 2024 annual conference.

1313 And oh my gosh, what a lineup of amazing classes; networking. Looking forward to bringing
1314 back all that we got to the city of College Park. Also, at the conference, our amazing color guard
1315 from the College Park Police Department opened up the conference.

1316 They're wonderful. On election night, I was able to meet with Advancing Black Business. They
1317 had a fantastic -- I guess, it was a watch party, and we had a chance to share with businesses there
1318 and -- and -- and understand what businesses are looking for in College Park.

1319 Also, I attended the tumbleweeds competition. Man, we have some ladies that are totally skilled
1320 and just so proud of our girls and looking forward to great things to come for the College Park
1321 Tumbleweeds. On Saturday, November 23rd, Ward 1 will be partnering with Ignite Resource
1322 Center and Favor House to give away turkey dinners.

1323 Also, every Monday game this season, College Park Skyhawks are giving free tickets to College
1324 Park residents. Get your ticket for the next game. November or Movember is Men's Health
1325 Month.

1326 And in honor of Men's Health Month, we are partnering with College Park Citizens Association
1327 to bring a workshop to College Park called "Are We Producing the Men We Hate" that will deal
1328 with men's health socially and mentally.

1329 Now, for some Ward 1 updates. You might have noticed as you were walking down Main Street
1330 that we have now installed signs in different locations for when you're -- so when you're walking,
1331 you'll know just how far it is to get to -- for instance, the library or Arden's Garden.

1332 Also, in terms of Barrett Park, many people were concerned about the restrooms because our
1333 restrooms have been vandalized. But we have come to a solution that I hope by the time you
1334 watch this has been determined by our city council where we will bring attendants and be able to
1335 keep the parks open and safe year-round.

1336 Special thanks go out to our public works team for installing the four-way stop at the corner of
1337 Atlanta Street and Virginia Avenue. And also we are working on getting concrete pad and bus --
1338 at the bus stop on Washington Road.

1339 Last but not least, please remember the deadline is fast approaching for our curbside recycling
1340 survey. Please remember to take the survey. We need to hear from you. This is Councilwoman
1341 Jamelle McKenzie sharing with you updates and letting you know what's going on in Ward 1.
1342 Have a great week.

1343 MAYOR MOTLEY BROOM: Councilmember Gay.

1344 COUNCILMAN GAY: Oh, yes. Thanks, Mayor. I -- I just want to say I've been up here a long
1345 time, and I have never seen a report that well put together. So change is, in fact, good because
1346 these are some very innovative and new ideas from both our Council and Mayor. The -- the --
1347 couple things I want to run through. We have a federal legislative coming, I guess, the next
1348 meeting.

1349 CITY MANAGER ADEDIRAN: Yes, sir.

1350 COUNCILMAN GAY: Yeah. I was noticing as I'm -- I'm in Atlanta almost every day. I was
1351 noticing the -- the utility poles and the street lights, like, they all look new, like, the big metal
1352 poles where the traffic light go all the way across the street.

1353 And then I was looking at our poles, and we still got old wooden poles even on 29 Bill Crane.
1354 We got the old wooden poles, and I would just like to look at any federal dollars that could get
1355 the city more better infrastructure polls.

1356 Yeah. We do have one that we got on Virginia Avenue by Jackson Myers. That's an example of
1357 what I'm talking about, but if there are federal dollars when we go to our legislators for remarks.

1358 I'm glad y'all had a great time at National League of Cities. I wish I could have been. I do want
1359 to say that I got a report that this -- this body worked so hard through our community
1360 enhancement grant -- as Senior Councilman Carn just said -- doing things that we've not done
1361 before.

1362 And then we had a robust discussion about helping seniors pay for their service line repairs. And
1363 then that was a question to our legal about the gratuity clause, and I think he articulated that there
1364 are many programs, like, Fulton County has home programs -- state issued programs, and it
1365 trickles all way down.

1366 But I'm told that when -- when our elected officials in Washington, they went by a vendor and
1367 told the vendor that our city was violating or breaking the law, and now that vendor doesn't want
1368 to support an initiative we passed.

1369 So there'd be a legal review on Wednesday to talk to that vendor. So I guess what I'm saying is I
1370 -- I don't expect my elected officials to -- to go and talk to vendors when you're traveling on the
1371 city dime and -- and -- and -- and -- and tell our -- our vendors that, you know -- that's -- that's --
1372 that's -- it's not copacetic.

1373 And I'm talking about the -- the service line repair. So now we got a vendor that -- that didn't
1374 want secure our residents because they were told by elected officials that we were in violation of
1375 the law. Can't do that. That's not a legal -- that's not cool.

1376 City Manager, the -- the -- the tree on BIDA property that's threatened one of the resident's
1377 homes, I think our BIDA could handle that.

1378 CITY MANAGER ADEDIRAN: Okay.

1379 COUNCILMAN GAY: I think easily that could be done.

1380 CITY MANAGER ADEDIRAN: Okay.

1381 COUNCILMAN GAY: And I just got one or two things. I noticed, Joe, you did a beautiful job
1382 on this book. I mean, -- but I did -- I read it and I saw on the priorities -- I don't see Camp Truitt.

1383 I see Finding the Flint, but I don't see Camp Truitt as one of the legislative priorities that we've
1384 been talking about probably for the last at least 15 years. And now last year we going up to
1385 Washington and we spoke to all elect -- all -- all -- all of them.

1386 So I'm -- I'm excited that we're getting near -- that's a 40-acre nature reserve for recreation;
1387 destination; tourism; study of plants. So I'm excited to know that Camp Truitt can become a
1388 reality.

1389 So we want to put it in documents as well. As the outgoing Mayor Pro Tem, I'll have more to say
1390 at our next meeting. It's been an honor. It's been more than an honor, and we've actually gotten
1391 the stuff done. We got Six West under contract, hadn't been done since what: 20 years?

1392 MR. LARRY BRADY EVANS: Thirty.

1393 COUNCILMAN GAY: How many?

1394 MR. LARRY BRADY EVANS: Thirty.

1395 COUNCILMAN GAY: It's under contract. Excited about it. And I don't want to be negative, but
1396 I do want to say an ordinance is a piece of legislation that's enacted by a municipal government.

1397 I'm not pleased with the election. I'm very disappointed, but I got to respect the outcome. An
1398 ordinance is a piece of legislation that's enacted by a municipal government. If there's an
1399 ordinance that says that you are prohibited from doing certain things; if you don't respect that,
1400 then why should anybody else respect the ordinance? It needs to be set by example. Like it or
1401 not, it's still enacted.

1402 And if someone don't want to respect it, then that's not being -- that's not cool. That's not cool.
1403 And -- and that's -- that's what you're feeling. That's what you're feeling. Defiant.

1404 So as we move forward -- and -- and the last thing I want to say, and I want to say this correct.
1405 Ward 4 loves Councilman Gay, and I love them even more. They love me, all of them. Even
1406 some of them that are not in my ward love me. I love them more. So you're going to have a
1407 hard time trying to get rid of me. That's my report.

1408 COUNCILMAN CARN: Just to say one other thing. So we definitely -- we're working on the
1409 smaller book for the BIDA event.

1410 CITY MANAGER ADEDIRAN: Yes, sir.

1411 COUNCILMAN GAY: So let -- we want to add Camp Truitt to the tourist attraction projects
1412 here on this page. I guess, if we put -- put this -- add this page in. So, Cameron, I want to get --
1413 follow up with you to see where we are with this pamphlet and how it's looking. But we want to
1414 add Camp Truitt in here as a -- as an upcoming tourist attraction.

1415 CITY MANAGER ADEDIRAN: For the BIDA; right? The smaller book for the BIDA?

- 1416 COUNCILMAN CARN: Yeah. But that -- that smaller book is going -- going to be used for a
1417 lot more than that, and it's an impressive showcase of what we got coming for 2025.
- 1418 CITY MANAGER ADEDIRAN: Okay.
- 1419 COUNCILMAN CARN: So we want to make sure we add that.
- 1420 MAYOR MOTLEY BROOM: Councilmember Arnold.
- 1421 COUNCILMAN CARN: And anything else.
- 1422 COUNCILWOMAN ARNOLD: We need to add our only university, Style Mobb University.
- 1423 COUNCILMAN CARN: Absolutely. We want to add -- Cameron, you get -- you got this? The
1424 university, we want to add that as well. We got Woodward Academy, and we want to add -- we
1425 got so much stuff, you know. We got -- we got to showcase everything we got as much as we
1426 can. So -- okay.
- 1427 MAYOR MOTLEY BROOM: All right. We need go into executive session?
- 1428 CITY MANAGER ADEDIRAN: Yeah.
- 1429 MAYOR MOTLEY BROOM: All right. Is there a motion?
- 1430 COUNCILMAN CARN: Motion.
- 1431 MAYOR MOTLEY BROOM: For the purposes of?
- 1432 COUNCILWOMAN ARNOLD: Personnel.
- 1433 MAYOR MOTLEY BROOM: Personnel.
- 1434 COUNCILMAN CARN: Personnel and litigation.
- 1435 MAYOR MOTLEY BROOM: All right. Is there a second?
- 1436 COUNCILWOMAN ARNOLD: Second.
- 1437 MAYOR MOTLEY BROOM: Thank you, Councilmember Arnold. Any further discussion?
1438 Hearing none, all those in favor?
- 1439 COUNCILMAN GAY: Aye.
- 1440 COUNCILMAN CARN: Aye.
- 1441 COUNCILWOMAN ARNOLD: Aye.

1442 MAYOR MOTLEY BROOM: That's unanimous. Thank you. Going into executive session.

1443 **ACTION:** Councilman Carn motioned to enter in Executive session for the purpose of
1444 personnel and litigation at 9:35 p.m. seconded by Councilwoman Arnold and
1445 motion carried. (All Voted Yes)

1446
1447 **ACTION:** Councilwoman Arnold motioned to exit Executive Session at 10:05 p.m.,
1448 seconded by Councilman Gay and motion carried. (All Voted Yes)

1449
1450 **ACTION:** Councilman Carn motioned to approve the Executive Session minutes dated
1451 November 18, 2024, seconded by Councilwoman Arnold and motion carried. (All
1452 Voted Yes)

1453
1454 Meeting adjourned at 10:05 p.m.

COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11592

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 26, 2024

TITLE: Introduction of new employees by Rose Stewart, Director of Human Resources and Risk Management

RECOMMENDATION:

The introduction of new employees is an opportunity to show new employees that the City values them and their expected contributions to their respective department and the City's success. Additionally, it helps employees build a sense of security in their value to the City, motivating them to continue outstanding work.

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 26, 2024

TITLE: All-Star for the month of November by Rose Stewart, Director of Human Resources and Risk Management

RECOMMENDATION:

To recognize employees who exhibit the City of College Park's CORE Values.

BACKGROUND:

Service Recognition will be presented to the following employees:

Employee All-Star of the Month for November 2024

Chris Wilson - Department of Human Resources and Risk Management

BUDGETED ITEM:

This is a budgeted item.

STRATEGIC CONNECTION:

This agenda item supports Strategic Goal V: Governance and Customer Service - "Encourage National, State, Regional, and interdepartmental collaborations that result in innovative and cost-effective approaches to exceptional service delivery. Additionally, the Office of Human Resources and Risk Management provides service by promoting the concept that our employees are our most valuable resource and will be treated as such.

City of College Park
Proclamation
Winston A. Denmark

WHEREAS: Winston A. Denmark began representing the City of College Park in 2004 as an associate with former city attorney, Steve Fincher; and

WHEREAS: Winston A. Denmark, now Managing Partner of Denmark Ashby LLC, has provided over 20 years of exceptional legal service to the City of College Park, offering unparalleled expertise that has shaped the city’s progress and prosperity; and

WHEREAS: widely regarded as a leading expert in local government law, Mr. Denmark has represented nearly every municipality on the south side of metro Atlanta, earning deep respect and frequently being called upon for his counsel on complex legal matters; and

WHEREAS: Mr. Denmark has achieved monumental victories for the City of College Park that have transformed municipal law in Georgia, including *City of College Park v. Clayton County* (2019), where his argument before the Supreme Court of Georgia ensured the city could collect millions in alcohol tax revenue from Hartsfield-Jackson Atlanta International Airport, securing vital funding and setting a precedent on sovereign immunity in local tax disputes; and

WHEREAS: his work in *City of Atlanta v. City of College Park* (2010), which was also argued at the Georgia Supreme Court, challenged Atlanta’s practice of collecting occupation taxes from businesses located in the portions of the airport laying in College Park’s city limits, and established that those tax revenues may only be collected by the City of College Park, resulting in substantial tax revenue for the city; and

WHEREAS: Mr. Denmark’s legal strategies and guidance have been instrumental in the city’s transformative projects, including the Gateway Center Arena, positioning College Park as a leader in economic development and a key hub in metro Atlanta; and

WHEREAS: his unwavering commitment to excellence and his contributions to groundbreaking legal precedents have left a lasting legacy for the City of College Park and beyond.

NOW, THEREFORE, BE IT PROCLAIMED, that the Mayor and City Council of the City of College Park do hereby honor and commend:

Winston A. Denmark

For his exemplary contributions to the legal profession, public service, and extraordinary contributions to the City of College Park’s success.

PROCLAIMED THIS 2nd DAY OF DECEMBER 2024.

CITY OF COLLEGE PARK

**CITY OF COLLEGE PARK
COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11608

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 25, 2024

TITLE: Consideration of and action on a request to approve the purchase of a New 2024 Vactor Impact Sewer Cleaner Truck to replace Unit #204 in the Department of Public Works - Storm Water Utility Division in the amount \$342,329.00 under the State contract price. This request is being made by Raymond Cotton, Highway, Streets and Storm Water Superintendent. This is a budgeted item. This item will service all wards.

RECOMMENDATION:

Approve the purchase of a 2024 Vactor Impact Sewer Cleaner from the Environmental Products Group to replace Unit#204, a 2008 Sterling L8500 that is now 16 years old. The current vehicle has developed costly mechanical issues, including airline and break chamber leakages and a weakened air pump that hinders the vacuuming systems to properly manage pick-up. Unit #204 has a trade-in value of \$20,000.00, which will be applied towards the purchase of the new Vactor Impact Sewer Cleaner, with the \$20,000.00 deduction the cost will be \$322,329.00, for the replacement of Unit#204 for the fiscal year 2024-2025, based on the state contract.

BACKGROUND:

Currently, Unit #204 has been in the Storm Water Utility Division inventory since 2008, making it 16 years old with 7,020 miles. The vehicle has begun to develop mechanical issues, including air leaks in the airlines and brake chambers, a weakening back air pump that prevents it from vacuuming debris from storm water manholes, and rusting hydraulic power steering lines that make it difficult to turn. Replacing this truck would be cost-effective for the department, as it would reduce downtime and major repairs. Additionally, due to the truck's age, obtaining parts for repairs has become obsolete.

BUDGETED ITEM:

Yes, this is a budgeted item.

STRATEGIC CONNECTION:

This agenda item supports the objective outlined in GOAL III: Transportation and Mobility: III.1 - Comprehensive Plan to address paving, road repair - the conducting of preventative maintenance.

Vector Combination Sewer Cleaner

Environmental Products would like to thank you for the opportunity to present the **Vector Impact Combination Sewer Cleaner**.

Environmental Products Group is the sole provider of Vector Sewer Cleaning Equipment in the State of Georgia, as well as many other leading industry product lines including: Elgin Street Sweepers, Labrie Refuse Equipment, Envirosight Inspection Cameras, PB Asphalt Pothole Patchers, Madvac Sweepers and Vacuums, Petersen Grapple Loaders, TRUVAC Hydroexcavation Equipment and a host of parts, tools and accessories for all your needs.

Environmental Products Group prides itself on our local parts, service, and training capabilities. With multiple full-service locations throughout Florida, Georgia, and Memphis, Tennessee; including Vector, Elgin, and Envirosight repair centers, extensive parts inventory, factory-trained technicians, mobile parts and service, rentals, turnkey maintenance packages, leasing options, and much more... we are ready to service your every need.

EP Rents is a division of Environmental Products Group, EP Rents specializes in rental trucks when you need them. With a large inventory of Vector Sewer Cleaners and Trailer Jettors, Elgin Sweeper, Envirosight Pipeline Inspection Cameras, Petersen Grapple Loaders. Call us for any of your rental needs.

Thank you for your consideration.

The following Proposal is based on the:

Georgia State Contract # 99999-001-SPD0000177-0009

Product Description

- NON-CDL Vactor Impact, PD Vacuum, 3 Yard Debris Tank, 500 Gallons of Water, Combo

Standard Features

- Roots Blower 616 RCS
- Color Coded Sealed Electrical System
- Blower Air Shift Controls
- Remote Pendant Control w/35' Cord
- Double Acting Dump Hoist Cylinder
- 2" Y-Strainer w/25' Fill Hose
- Ex-Ten Steel Cylindrical Debris Tank
- Hydraulic Rear Door Locks
- Multi-Flow Water System
- Accumulator for Rodder Pump
- 5' Hydraulic Extendable Boom w/180 Deg. Rotation
- Vacuum Relief (Kunkle Valves)
- 6" Air Operated Vacuum Relief
- 3" Y-Strainer at Water Pump Inlet
- 40 GPM @ 2500 PSI Water System
- 42 x 22 x 24 Toolbox Mounted Curbside
- Stainless Steel Float Ball Shut-Off
- Rotating Hose Reel 3/4" x 500' Capacity, 180 Deg. Rotation
- 500' x 3/4" Hose, 2500 PSI
- Electronic Back-Up Alarm
- Hose Footage Counter - Digital
- Vacuum Pipe Package - 6"
- Emergency Flare Kit
- Fire Extinguisher 5 Lbs.
- Manual Dual Roller Hose Level Wind Guide
- Hydraulic Oil Temp Alarm
- LED Stop, Turn, Tail & Turn Lights
- Low Water Alarm W/Light
- Washdown Handgun
- Front Joystick Boom Control
- Hydraulic Tank Shutoff Valves
- 2 Nozzles with Carbide Inserts

- 10' Leader Hose
- Horizontal Microstrainer Prior to Blower
- Water Pump GPM/PSI – Digital Front Hose Reel
- Air Purge System
- Water Tanks/Debris Tanks Combined
- Vactor Manual, Partial Manual and USB Version - 1 + Dealer
- Delivery and Training

Additional Features

- (2) Cyclone Separators
- Debris Body Wash out
- Digital Water Level Indicator
- Digital Debris Level Indicator
- Safety Cone Post
- 6" Rear Door Decant, Butterfly Valve, 6:00 Position
- Rear Door Splash Shield
- Lube Manifold
- Washdown with Hose Reel
- Worklights (2) Boom
- Pinch Roller, Hose Reel
- Water Pump Drain Valves
- Final Filter & Silencer Ball Valve Drains
- Arrowboard, Split, Rear, LED
- Hand Light w/ Bumper Plug
- 6 Light Package, LED
- Toolbox, Behind Cab, 14 x 36 x 88 w/ Lighting
- Manhole Hook
- Camera System, Front, Sides and Rear, In-cab LCD screen

Chassis

- Current Model Year Freightliner M2, 106
- NON-CDL, 26000 GVW
- 300 HP Cummins
- Allison Auto Transmission

**Sale Price per GA State Contract# 99999-001-SPD0000177-0009=
\$342,329.00**

Please don't hesitate to call with questions, or if you need any additional information. Thank you for your interest and the opportunity to earn your business.

Environmental Products was awarded the following contracts by the State of Georgia:

Elgin Street Sweepers, Vactor Sewer Trucks and Trailers, Envirosight Sewer Cameras/Camera Trucks/Trailers, PB Pothole Patching Trucks, ODB/Xtremevac Leaf Vac Trucks and Trailers, Petersen Grapple Trucks and supporting accessories.

LIMITED WARRANTY

Limited Warranty. Each machine manufactured by VACTOR/GUZZLER MANUFACTURING (or, "the Company") is warranted against defects in material and workmanship for a period of 12 months, provided the machine is used in a normal and reasonable manner and in accordance with all operating instructions. In addition, certain machines and components of certain machines have extended warranties as set forth below. If sold to an end user, the applicable warranty period commences from the date of delivery to the end user. If used for rental purposes, the applicable warranty period commences from the date the machine is first made available for rental by the Company or its representative. This limited warranty may be enforced by any subsequent transferee during the warranty period. This limited warranty is the sole and exclusive warranty given by the Company.

STANDARD EXTENDED WARRANTIES (Total Warranty Duration)

<u>2100 Series, HXX, Series and Jetters</u>	10 years against metal water tank leakage due to corrosion. Nonmetallic water tanks are covered for 5 years against any factory defect in material or workmanship.
<u>2100 Series and HXX only</u>	5 years against leakage of debris tank, centrifugal compressor or housing due to rust-through.
<u>2100 Series and Jetters</u>	2 years - Vactor Rodder Pump on all unit serial numbers starting with 13-##V-####

Exclusive Remedy. Should any warranted product fail during the warranty period, the Company will cause to be repaired or replaced, as the Company may elect, any part or parts of such machine that the Company's examination discloses to be defective in material or factory workmanship. Repairs or replacements are to be made at the selling Vactor/Guzzler distributor's location or at other locations approved by the Company. In lieu of repair or replacement, the Company may elect, at its sole discretion, to refund the purchase price of any product deemed defective. The foregoing remedies shall be the sole and exclusive remedies of any party making a valid warranty claim.

This Limited Warranty shall not apply to (and the Company shall not be responsible for):

1. Major components or trade accessories that have a separate warranty from their original manufacturer, such as, but not limited to, trucks, engines, hydraulic pumps and motors, tires and batteries.
2. Normal adjustments and maintenance services.
3. Normal wear parts such as, but not limited to, oils, fluids, vacuum hose, light bulbs, fuses and gaskets.
4. Failures resulting from the machine being operated in a manner or for a purpose not recommended by the Company.
5. Repairs, modifications or alterations without the express written consent of the Company, which in the Company's sole judgment, have adversely affected the machine's stability, operation or reliability as originally designed and manufactured.
6. Items subject to misuse, negligence, accident or improper maintenance.

NOTE The use in the product of any part other than parts approved by the Company may invalidate this warranty. The Company reserves the right to determine, in its sole discretion, if the use of non-approved parts operates to invalidate the warranty. Nothing contained in this warranty shall make the Company liable for loss, injury, or damage of any kind to any person or entity resulting from any defect or failure in the machine.

THIS WARRANTY SHALL BE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE DISCLAIMED.

This warranty is in lieu of all other obligations or liabilities, contractual and otherwise, on the part of the Company. For the avoidance of doubt, the Company shall not be liable for any indirect, special, incidental or consequential damages, including, but not limited to, loss of use or lost profits. The Company makes no representation that the machine has the capacity to perform any functions other than as contained in the Company's written literature, catalogs or specifications accompanying delivery of the machine. No person or affiliated company representative is authorized to alter the terms of this warranty, to give any other warranties or to assume any other liability on behalf of the Company in connection with the sale, servicing or repair of any machine manufactured by the Company. Any legal action based hereon must be commenced within eighteen (18) months of the event or facts giving rise to such action.

The Company reserves the right to make design changes or improvements in its products without imposing any obligation upon itself to change or improve previously manufactured products.

Moody's GARAGE

DATE: NOVEMBER, 21, 2024

REPLACEMENT LETTER FOR STREET DEPARTMENT

The street department is asking for recommendation to replace unit 204, a 2008 sterling 18500 vac-truck. This truck is no longer in production, in 2009 they stop making this truck and manufacturing parts for this unit. This unit is in poor working condition deficiencies are as follows.

- (1) STEERING SYSTEM NOT WORKING PROPERLY (PARTS UNAVAILABLE)
- (2) AIR BRAKE SYSTEM NOT WORKING PROPERLY NEED REPLACING.
- (3) VAC-PUMP WORN OUT AS WELL AS ALL HOSES AND PIPES.
- (4) DASHBOARD DISINTEGRATED (PARTS UNAVAILABLE).

This truck is in poor working condition and is seventeen years old and parts can no longer be purchased for this unit it is moody's recommendation that this unit be replaced.

**CITY OF COLLEGE PARK
COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11574

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 25, 2024

TITLE: Consideration of and action on approval of contract award playground systems, demo, grading, installation and services related items to Playcraft Systems, LLC for in Phillips Park for a total of \$ 625,000 for the project. This is a budgeted item in Ward 4.

RECOMMENDATION:

Approval of contract award for playground systems, installation, service and related items to Playcraft Systems, LLC for \$ 625,000 in Phillips Park.

BACKGROUND:

The Parks and Recreation Department is requesting Council approval to approve a piggyback purchase, award, Request For Proposal (RFP) Number 22-02, Playground Systems, Installation, Service and Related Items, to Playcraft Systems, LLC for \$625,000. The contract for Playground Systems, Installation, Service and Related Items, Omnia Partners, was awarded February 22, 2022. The contract is for three (3) years with option of two (2) one-year renewals expires.

The City Manager shall have the authority to join with other units of governments in cooperative purchasing ventures when the best interest of the City would be served thereby, and same is in accordance with City and State Law.

The playground at Phillips Park is over 20 years old and needs to be updated. The project amount of \$ 425,000 with funding to come from the FY24-25 Recreation budget from Car Rental Tax along with Community Development Block Grant (CDBG) funds to be awarded of \$ 160,000. \$ 625,000 is the total budget for the Phillips Park Playground project with a portion of the CDBG award funds to be reimbursed the city for the project.

BUDGETED ITEM:

This is a budgeted item coming from 220 CDBG FUND with \$625,000 budgeted. \$160,000 budgeted amount from account number 220 6122 33 1115 LLE BLOCK GRANT and \$ 425,000 from account number 220 6122 39 1200- Operating Transfer In from Car Rental Funding.

STRATEGIC CONNECTION:

The City of College Park Strategic Plan 2020, included within Goal II: Quality of Life:

1. Advance ways to increase community collaboration and implement initiatives to become “One” College Park.
2. Improve the recreation and parks system so that it better aligns with the goals and needs of the community.
3. Increase participation in community activities including conferences, recreation, arts, crafts, festivals, and cultural experiences at the GICC, Gateway Arena and throughout College Park.

Playground Systems, Installation, Service and Related Items
Executive Summary

Lead Agency: Region 4 Education Service Center

Solicitation: #22-02

RFP Issued: September 30, 2021

Pre-Proposal Date: October 14, 2021

Response Due Date: November 23, 2021

Proposals Received: # 6

Awarded to: Playcraft

Region 4 Education Service Center issued RFP 22-02 on September 30th, 2021, to establish a national cooperative contract for Playground Systems, Installation, Service and Related Items.

The solicitation included cooperative purchasing language in Sections I. Scope of Work.

Region 4 ESC, as the Principal Procurement Agency, defined in Appendix D, Exhibit A, has partnered with OMNIA Partners, Public Sector (“OMNIA Partners”) to make the resultant contract (also known as the “Master Agreement” in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (“Public Agencies”), through OMNIA Partners’ cooperative purchasing program. Region 4 ESC is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a “Participating Public Agency”) and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on Appendix D, or as otherwise agreed to. Appendix D contains additional information about OMNIA Partners and the cooperative purchasing program.

Notice of the solicitation was sent to potential offerors, as well as advertised in the following:

- Region 4 Education Service Center website
- OMNIA Partners website
- USA Today, nationwide
- Arizona Business Gazette, AZ
- San Bernardino Sun, CA
- Honolulu Star-Advertiser, HI
- The Advocate – New Orleans, LA

Version August 19, 2020

- New Jersey Herald, NJ
- Times Union, NY
- Daily Journal of Commerce, OR
- The State, SC
- South Carolina website/newsletter (get from Chris White)
- Houston Community Newspapers, Cy Creek Mirror, TX
- Deseret News, UT
- Richmond Times, VA
- Seattle Daily Journal of Commerce, WA
- Helena Independent Record, MT
- Kennebec ME Journal

On November 16th, 2022, proposals were received from the following offerors:

- BCI Burke
- Great Southern Recreation
- Industrial Shadeports
- Play & Park Structure
- Playcraft
- RubbeRecycle

The proposals were evaluated by an evaluation committee. Using the evaluation criteria established in the RFP, the committee elected to enter into negotiations with Playcraft and proceeding with contract award upon successful completion of negotiations.

Geographic Preferences: No geographic preferences were included in the evaluation of the responses.

Region 4 Education Service Center, OMNIA Partners and Playcraft successfully negotiated a contract, and Region 4 Education Service Center executed the agreement with a contract effective date of May 1st, 2022.

Contract includes: Supplier provided federal funds certifications which are available on the OMNIA Partners website for review.

Term:

Initial three-year agreement from May 1st, 2022, through April 30, 2025, with the option to renew for two (2) additional one-year periods through April 30th, 2027.

The anticipated full term of the contract is five (5) years. The Contractor shall have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) not to exceed five years. Any tasks or project agreements executed against this Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

Pricing/Discount: 10% off MSRP.

EXHIBIT 4C-1

AGENDA ITEM

Approval of contract award for playground systems, installation, service and related items.

BACKGROUND INFORMATION/ADMINISTRATIVE CONSIDERATIONS

The Region 4 Board of Directors awards contracts, each with an initial term and annual renewals, for use by Region 4 ESC and the membership of OMNIA Partners, Public Sector. The products and/or services solicited were advertised, evaluated and awarded in accordance with Texas purchasing laws.

The Administration has reviewed the recommendation for award associated with the RFP and has determined that awarding the following companies a contract represents the best overall value to Region 4 and the membership of OMNIA Partners, Public Sector.

Contract	Vendor	Term of Contract
Playground Systems, Installation, Service and Related Items	BCI Burke Company, LLC Play and Park Structures Playcraft Systems LLC	(3) years with option of (2) one-year renewals

RECOMMENDED MOTION

I move that the Board approve a (3) year contract with the option of (2) one-year renewals for playground systems, installation, service and related items as presented.

CONTACT

Pam Wells
Robert Zingelmann

To: Board of Directors
 From: Robert Zingelmann
 Date: February 22, 2022
 Subject: Recommendation of Contract Award

Region 4 ESC held a RFP opening on February 22, 2022 for RFP # 22-02 for Playground Systems, Installation, Service and Related Items. There were six (6) proposals submitted:

- BCI Burke Company, LLC
- Great Southern Recreation, LLC
- Industrial Shadeports, Inc.
- Play and Park Structures
- Playcraft Systems LLC
- Rubberecycle

After careful review of all proposals, the Evaluation Team has determined that three (3) companies demonstrated the ability to provide the products and services outlined in the solicitation while offering competitive pricing to the members.

CONSIDERATION

Award of annual contract in compliance with the bid laws of the State of Texas is recommended.

RECOMMENDATION

The Evaluation Team recommends the following companies for award based on their response:

Contract	Vendor	Term of Contract
Playground Systems, Installation, Service and Related Items	BCI Burke Company, LLC Play and Park Structures Playcraft Systems LLC	(3) years with option of (2) one year renewals

Support documentation has been attached for your reference.

COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11603

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 21, 2024

TITLE: Consideration on and action of a request for a Special Event Permit from Woodward Academy to host an Alumni Event to be held on January 10, 2025 at Woodward Academy from 1:00 p.m. to 6:00 p.m. This item is being requested by the Deputy City Clerk, Queenie Brown. The event is to be held in Wards 3.

RECOMMENDATION:

Approve the Woodward Academy Alumni Event on January 10, 2025 at Woodward Academy from 1:00 p.m. to 6:00 p.m. to allow on premise consumption.

BACKGROUND:

Founded in 1900 by Colonel John Charles Woodward, Woodward Academy has consistently been ahead of its time. Originally established as the Georgia Military Academy in College Park, it aimed not just at imparting knowledge but also instilling qualities such as service, strong character, responsibility, and problem-solving. Over the years, the academy has endured through world wars, the Great Depression, and global pandemics, staying true to Col. Woodward's vision.

Today, Woodward Academy remains a place where engaged citizens are nurtured, equipped with qualities like empathy, thoughtfulness, confidence, tenacity, and resilience. While Col. Woodward may not have foreseen the digital age, his founding principles persist in guiding students through contemporary challenges. The academy's dedicated educators and successful alumni underscore its enduring impact on shaping individuals who make a difference in the world.

This is a yearly event.

BUDGETED ITEM:

The City will receive \$50 for the off premise alcohol license for special events. Concept Management of Airport Inc. will be the licensed vendor.

STRATEGIC CONNECTION:

Goal II: Quality of Life: 11.1 Advance ways to increase community collaboration and implement initiative to become "One" College Park.

DATE: November 26, 2024

TITLE: Consideration of and action on a request to approve the City of College Park annual Christmas Parade route through downtown Main Street College Park. The parade route is located in Ward 1.

RECOMMENDATION:

Approve proposed City of College Park annual Christmas Parade route through downtown Main Street College Park.

BACKGROUND:

Each year the College Park Recreation and Cultural Arts Department hosts annual city-wide events. The 48th annual Christmas Parade route is proposed to parade down Main Street College Park through the downtown area.

City Wide Holiday Events 2024	Date	Location	Budgeted Amount
Christmas Parade	Saturday, December 7 th	Main Street	\$ 5000

BUDGETED ITEM:

This is a budgeted item in the city-wide event budgeted in the Recreation and Cultural Arts for programming.

STRATEGIC CONNECTION:

The City of College Park Strategic Plan 2020, included within Goal II: Quality of Life:

1. Advance ways to increase community collaboration and implement initiatives to become “One” College Park.
2. Improve the recreation and parks system so that it better aligns with the goals and needs of the community.
3. Increase participation in community activities including conferences, recreation, arts, crafts, festivals, and cultural experiences at the GICC, Gateway Arena and throughout College Park.

**CITY OF COLLEGE PARK
COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11602

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 21, 2024

TITLE: Consideration of and action on a request to approve the hiring of park attendants for restroom coverage at Barrett, Phillips and Zupp city parks from October 1st through March 30th annually. This is due to vandalism and concerns of public safety and accessibility. Sponsored by Councilwoman Jamelle McKenzie and presented by Rose Stewart, HR.

City Fall/Winter Restroom Coverage

When plans for the new restroom facility in Barrett Park were put in place, there was no mention of whether or how the facility would remain open during the absence of seasonal part time park attendants. As a result, our restrooms in Barrett and Phillips Park which remain open have not been monitored since October, 2024. This has presented several issues and challenges for our community.

Due to vandalism and concerns of public safety and accessibility I am proposing that all three restrooms in Barrett, Phillips and Zupp city parks will maintain open hours of 8 am - 6 pm seven days a week from October 1 through March 30 annually.

In order to begin this endeavor during this fiscal year, park attendants will be hired to monitor and maintain park restrooms effective December 15, 2024 which will provide 7 pay cycles.

Park attendant duties will consist of but will not limited to:

1. Assignment to facilities in one of three parks
2. Opening and closing of facilities

3. Hourly cleaning and refreshing of restroom facilities
4. Admitting entry to Barrett Park SMART restroom users (all attendants will have this capability regardless of their park assignment)
5. Monitoring activity and cleanliness in assigned parks
6. Attendance at Weekly team meeting

Organizational Structure

Two teams (Team 1 = Supervisor A and Attendants A-C; and Team 2 = Supervisor B and Attendants D -F)

Each team is led by a supervisor. Supervisors are responsible for overseeing Attendants in all three parks and ensuring that all duties are carried out. Supervisors lead weekly meetings and report directly to Buildings and Grounds leadership. Supervisors are responsible for keeping inventory of cleaning supplies and items for restrooms and parks.

Schedule

Monday - Wednesday - Team 1

Supervisor A: Hours 8 am - 6 pm

Attendants A through C: Hours 8 am - 6 pm

Thursday (*note: both teams work 6 hours on Thursdays*)

Supervisor A: Hours 8 am - 2 pm

Attendants A through C: Hours 8 am - 2 pm

Team 1 - Weekly meeting 1 pm - 2 pm

Team 2 - Weekly meeting 12 pm - 1 pm

Supervisor B: Hours 12 pm - 6 pm

Attendants D - F: Hours 12 pm - 6 pm

Friday - Sunday - Team 2

Supervisor B: Hours 8 am - 6 pm

Attendants D - F: Hours 8 am - 6 pm

Park Attendant part time compensation

36 hours per week @\$16.41 (6 attendants)

36 hours per week @\$20 (2 supervisors)

1181.52 part time attendant biweekly @7 cycles = \$8270.64

1440 part time supervisor biweekly @7 cycles = \$10,080

Total for 6 p/t attendants @ \$8270.64 = \$49,623.84

Total for 2 supervisors @ \$10,080 = \$20,160

Total = \$69,783.84

Funding for December 2024 - through March 2025 will be taken from budget line - (unused salary savings in Public Works)

**CITY OF COLLEGE PARK
COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11593

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 25, 2024

TITLE: Consideration of and action on a request to provide Birthday Leave incentive to city employees. This item is being requested by Director of Human Resources and Risk Management, Rose Stewart. This is not a budgeted item. This will affect internal city operations.

RECOMMENDATION:

It is recommended that Human Resource Policies and Procedures are updated to include Birthday Leave. This policy will provide a paid day off in celebration of and to show appreciation to employees of the city on their birthday. This day off may be taken anytime during the year with the approval of their department director and/or supervisor. Birthday leave must be used by the end of the calendar year and will not carry over.

BACKGROUND:

Insert Text Here

BUDGETED ITEM:

No

STRATEGIC CONNECTION:

This agenda item supports Strategic Goal V: Governance and Customer Service. The Department of Human Resources and Risk Management promotes the concept that our employees are our most valuable resource and seeks avenues to increase morale which, in turn promotes productivity.

Attachments

COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11612

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 26, 2024

TITLE: Consideration of and action on a request to adopt Resolution 2024-XX to consent to the addition/removal of parcel within the Airport West CID. This request is from Interim Economic Development Director, Brian Hooker. This is a non budgeted item.

RECOMMENDATION:

All jurisdictions in the Airport West CID must consent to parcels being added or removed from said CID. Attached is the related resolution. One of the owners consenting to be added to the CID is in College Park, and the owner's written consent is included in the attachment.

Parcel details:

Parcel ID: 13 0061 LL1768
2450 Old National Highway
Land use code: 254-Luxury
74 Units Budget Motel
1.78 Acres
Neighborhood: C917
Improvement Strata: C1
Property Class: C3

Also, the following three tax parcels were erroneously included in the resolution passed May 15, 2017, and the CID requests Council to remove said tax parcels:

- 14 0127 LL0737, 3450 International Blvd. 2.736 acres Owner: Lamodar LLC
- 14 0127 LL0844, 1001 Virginia Ave #3 6.372 acres Owner: VC1 LLC

13 0068 LL 1944, 5190 Old National Hwy 1.23 acres Owner: YSJ LLC

BACKGROUND:

These three parcels should not have been included in the Resolution passed on May 15, 2017 and should be removed.

BUDGETED ITEM:

This action does not require budgetary expenditure.

**RESOLUTION
OF THE
COLLEGE PARK CITY COUNCIL
CONSENTING TO EXPANSION OF
AIRPORT WEST COMMUNITY IMPROVEMENT DISTRICT
AND REMOVAL OF CERTAIN PARCELS**

WHEREAS, by Act of the Legislature, 1987 Ga. L. 5460, as amended, the Georgia Legislature enacted the Fulton County Community Improvement Districts Act; and

WHEREAS, pursuant to said Act, the Airport West Community Improvement District (hereinafter "CID") was created by Resolution of the Fulton County Commission, the City of Atlanta, the City of College Park, and the City of East Point in 2014, and expanded into the City of Hapeville in 2016; and

WHEREAS, subsequent to the creation of the CID, the City of South Fulton (hereinafter "City") was created in a geographical area including real property within the CID, and elected a Mayor and City Council which took office May 1, 2017; and

WHEREAS, a majority of the owners of real property within a proposed expansion area, as attached hereto, which will be subject to taxes, fees, and assessments levied by the District Board, have consented in writing to their inclusion into the CID; and

WHEREAS, the owners of real property within the proposed expansion area of the CID which constitutes at least 75% by value of all real property within said expansion area which will be subject to taxes, fees and assessments levied by the District Board, according to the most recent approved Fulton County ad valorem tax digest, have consented in writing to their inclusion into the CID; and

WHEREAS, the City Council has determined that the expansion of the CID would promote the provision of governmental services and facilities within said District; and

WHEREAS, the City Council has determined that the expansion of the CID would be in the best interest of the citizens of the City; and

WHEREAS, on May 15, 2017, the City Council approved a resolution in which the CID erroneously requested inclusion of Tax Parcels 14 0127 LL0737 & 14 0127 LL0844 owned by Virginia 1001 LLC & Joy Lake Rides, and Tax Parcel 13 0068 LL1944 owned by CS Incorporated LLC, into a larger expansion of the boundaries of the Airport West Community Improvement District, but the City Council, upon the request of the CID, wishes to correct the earlier action by removing said tax parcels from its May 15, 2017 Resolution, nunc pro tunc;

NOW, THEREFORE, BE IT RESOLVED, that the City of College Park consents to the expansion of the boundaries of the Airport West Community Improvement District as attached hereto, as well as the removal of Tax Parcels 14 0127 LL0737 & 14 0127 LL0844 owned by Virginia 1001 LLC & Joy Lake Rides, and Tax Parcel 13 0068 LL1944 owned by CS Incorporated LLC, from its May 15, 2017 Resolution, nunc pro tunc.

PASSED AND ADOPTED by the College Park City Council, Georgia this ____ day of _____, 202__.

ATTEST:

Mayor

_____, City Clerk

FULTON COUNTY COMMUNITY IMPROVEMENT DISTRICT CERTIFICATION

I, Melinda Kaplan, Chairperson of the Fulton County Board of Assessors, do hereby certify with respect to the proposed expansion of the Airport West Community Improvement District (the "District"), as shown on the map attached hereto as Exhibit "A" and parcel list attached hereto as Exhibit "B", and as required under the Fulton County Community Improvement Districts Act, 1987 Ga. L. 5460, as amended, (the "Act") the following:

In satisfaction of Section 7(b)(1) and (2), written consents to the expansion of the Airport West Community Improvement District have been obtained from:

1. A majority of the owners of real property within the area sought to be annexed into the District and which will be subject to taxes, fees and assessments levied by the Board of the District; and
2. The owners of real property within the area sought to be annexed into the District which constitutes at least seventy-five percent (75%) by value of all real property within the area sought to be annexed into the District and which will be subject to taxes, fees and assessments levied by the Board and for this purpose values shall be determined by the most recent approved County ad valorem tax digest.

This the ____ of _____, 2024.

Melinda Kaplan, Chair
Fulton County Board of Assessors

S. DeWayne Pinkney, Witness

FULTON COUNTY COMMUNITY IMPROVEMENT DISTRICT CERTIFICATION

I, Melinda Kaplan, Chairperson of the Fulton County Board of Assessors, do hereby certify with respect to the Certification of the expansion of the Airport West Community Improvement District (the "District") issued May 4, 2017, upon the removal of Tax Parcels 14 0127 LL0737 & 14 0127 LL0844 owned by Virginia 1001 LLC & Joy Lake Rides as consenting parcels, and Tax Parcel 13 0068 LL1944 owned by CS Incorporated LLC as a non-consenting parcel, at the request of the District, nunc pro tunc,

In satisfaction of Section 7(b)(1) and (2), written consents to the expansion of the Airport West Community Improvement District were obtained from:

1. A majority of the owners of real property within the area sought to be annexed into the District and which will be subject to taxes, fees and assessments levied by the Board of the District; and
2. The owners of real property within the area sought to be annexed into the District which constitutes at least seventy-five percent (75%) by value of all real property within the area sought to be annexed into the District and which will be subject to taxes, fees and assessments levied by the Board and for this purpose values were determined by the most recent approved County ad valorem tax digest which was effective May 4, 2017.

This the _____ of _____, 2024, issued nunc pro tunc to be effective May 4, 2017.

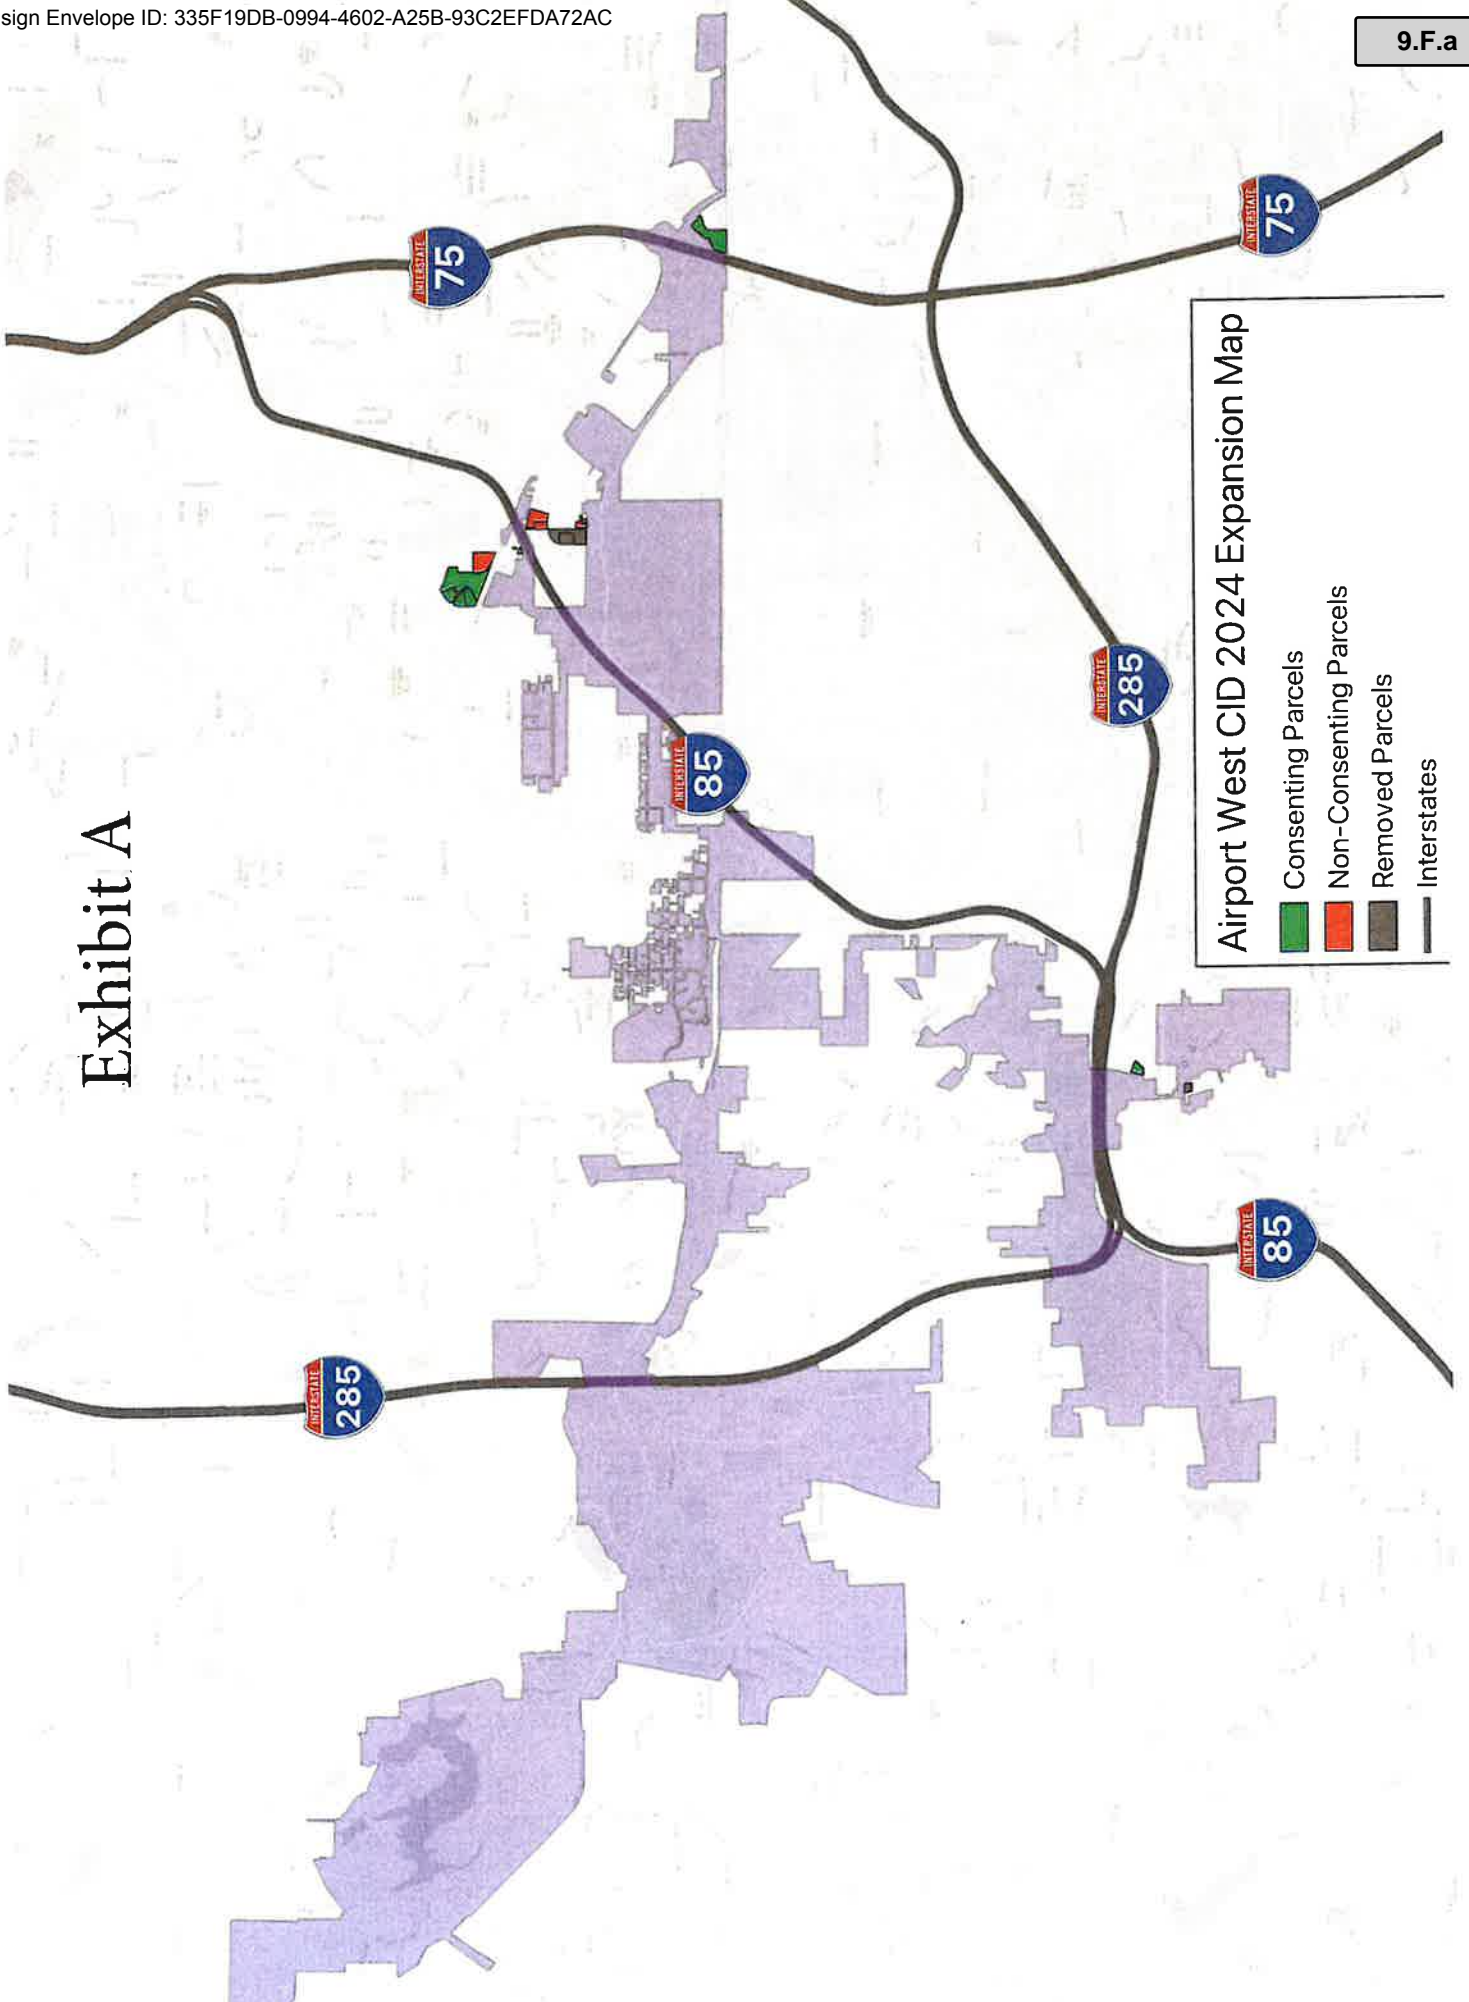

Melinda Kaplan, Chair
Fulton County Board of Assessors

S. DeWayne Pinkney, Witness

WRITTEN CONSENT OF OWNER

COMMONWEALTH OF PENNSYLVANIA
COUNTY OF BERKS

Personally appeared before the undersigned attesting officer, duly authorized by law to administer oaths, came Andrew Cullen, who, after first having been duly sworn, upon oath deposes and says:

1. The undersigned is/are the owner/owners, or the authorized representative of the owner, and has authority to bind the owner of the real property described as all that tract or parcel of land lying and being in Fulton County, Georgia, identified as Tax Parcel(s) 14 0065 LL1028 on the tax maps of Fulton County, Georgia, herein referred to as the "Realty".

2. PENSKE TRUCK LEASING CO., L. P. is/are the owner/owners of the Realty described above.

3. The owner does designate **Karen L. Shchuka** as the representative of the owner in the taking of all action, including, but not limited to, serving as elector, voting for board members, and voting otherwise, as may be allowed or required under the Fulton County Community Improvement Districts Act ("Act").

4. This affidavit may be relied upon by the Chairperson of Fulton County Board of Tax Assessors for the purpose of certifying that subparagraphs (b)(1) and (2) of Section 7 of the Act have been satisfied and by the Airport West Community Improvement District ("CID"), the City of Atlanta, City of Hapeville, City of East Point, City of College Park, City of South Fulton and the Fulton County Board of Commissioners with respect to the expansion of the CID.

5. The undersigned acknowledges that if the CID is expanded to include the above described Realty, it will be subject to taxes, fees and assessments levied by the CID Board.

6. The owner/owners consent to the expansion of the CID to include the owner's Realty for the purpose of the provision of such governmental services and facilities as may be allowed under the Fulton County Community Improvement Districts Act.

IN WITNESS WHEREOF, the undersigned has set his/her hand and seal the day and year set forth below.

COUNCIL AGENDA MEMO (CAM)
REGULAR SESSION MEETING**

DOC ID: 11613

TO: Honorable Mayor and Council Members

FROM: Dr. Emmanuel Adediran, City Manager

DATE: November 25, 2024

TITLE: Consideration of and action on a request to adopt Resolution 2024-XX to participate in an amicus brief in the Chang v. City of Milton. This request is from Mayor Bianca Motley Broom

RECOMMENDATION:

Approve Resolution 2024-XX to provide support in an amicus brief in the Chang v. City of Milton case.

BACKGROUND:

A Fulton County jury awarded \$35 million to the family of Josh Chang, a 21-year-old college student who died in 2016 after crashing into a stone planter in Milton. The planter, considered a road hazard, was on city property. The jury found the city 93% responsible for the crash, citing its failure to remove the dangerous object. Chang, a Yale senior, was returning home for Thanksgiving. His family's attorneys argued the city neglected its duty to remove hazards. The city may appeal, which could delay the case further.

The City of Milton is asking for support to send this Court of Appeals to be reversed and sent to the Georgia Supreme Court.

SUBJECT: Resolution Supporting City of Milton's Amicus Brief

I. INTRODUCTION

This memorandum addresses whether the City of College Park should adopt a resolution to participate in an Amicus Brief, supporting the City of Milton in the case of Chang, et. al. v. City of Milton, to the Supreme Court of Georgia.

II. BACKGROUND

In November 2016, college student Joshua Chang was driving back to his parents' house when his car left the paved portion of the roadway, slid more than sixty (60) feet, and collided with a large concrete planter on the shoulder of Batesville Road in the City. The impact caused the car to flip and land on top of the planter, killing Joshua. There was no evidence that Joshua was speeding or intoxicated at the time of the accident; nor was there evidence he was using his cell phone while driving. Instead, based on the physical evidence at the scene, an accident reconstructionist opined that it appeared that Joshua had pulled the steering wheel hard right, as if trying to avoid something in the road, causing the car to slide sideways onto the shoulder before striking the planter.

The planter sat on a part of the shoulder between two driveways that provided ingress and egress for an adjacent event facility. It is undisputed that the planter was located about six (6) feet off the roadway, but within the right-of-way.

Chang's parents sued the City, alleging it was negligent and in breach of its ministerial duty to ensure the roadways were safe, and that the planter created

a nuisance. Prior to trial, the City filed a motion to exclude testimony from City employees regarding their interpretations of the relevant City ordinances. Although the trial court initially granted the motion to exclude, it later revisited that decision and allowed the testimony.

“The testimony at trial established that the planter was on the City's property and in the right-of-way, which the City was responsible for maintaining. Per its ordinances, the City was responsible for inspecting its roadways, identifying defects, and removing hazards, such as the planter. Specifically, several witnesses testified that the City should have noticed and removed the planter when it completed repair work to Batesville Road in 2012. Experts opined that the planter was a problem, and ‘the appropriate response’ and ‘obvious choice’ was to remove it. But the City had not conducted any safety inspections. “

The jury found the City of Milton liable because it had maintained a “defect and a nuisance”. It awarded damages in the amount of thirty-five million dollars and zero cents (\$35,000,000.00), which was reduced by seven percent for Joshua's comparative fault.

III. LEGAL ANALYSIS

The Court held that “a municipality is relieved of any and all liability resulting from or occasioned by defects in the public roads of its municipal street system when it has not been negligent in constructing or maintaining the same or when it has no actual notice thereof or when such defect has not existed for a sufficient length of time for notice thereof to be inferred. Municipalities generally have a ministerial duty to keep their streets in repair, and they are liable for injuries resulting from defects after actual notice, or after the defect has existed for a sufficient length of time for notice to be inferred. Georgia courts have long held that the duty to maintain streets and sidewalks free from obstructions and other dangers is a ministerial duty.

The key factors determining liability include whether the city had actual or constructive notice of the defect and whether it failed to exercise ordinary care to remedy the defect. A city is liable if it had actual notice of the defect or if the defect existed for such a length of time that the city should have known about it through the exercise of ordinary care. Constructive notice can be inferred if the defect has been present for a sufficient duration.

The city has a duty to keep its streets and sidewalks in a reasonably safe condition for public use. This includes taking action to repair known defects or placing safeguards around problem areas. The city is liable for injuries caused by defects regardless of their origin if it knew or should have known about the defect in time to repair it or warn the public.

Whether the city had notice of the defect and whether it exercised ordinary care are typically questions for the jury to decide.

IV. CONCLUSION

In Georgia, the Courts have held that a defect in the street to include objects adjacent to, and suspended over, the municipality's streets and sidewalks are the responsibility of the municipality. The Chang case is not a major departure from that standard. While the financial impact to the City of Milton is substantial and well above its insurance policy limits, it is supported by the facts and the jury award. However, it would be beneficial for the City of College Park to join in this effort to have the Georgia Supreme Court provide some clarification and guidance to the extent of municipalities' liability in these situations.

RESOLUTION OF THE CITY OF _____, GEORGIA (the “CITY”) AUTHORIZING PARTICIPATION IN AN AMICUS BRIEF IN THE CHANG V. CITY OF MILTON APPEAL

WHEREAS, there is presently pending before the Court of Appeals and/or Supreme Court of Georgia an appeal of a civil lawsuit that, at the trial court level, was referred to as Chang, et. al. v. City of Milton, State Court of Fulton County, Case No. 18EV004442;

WHEREAS, the case involves a claim of liability against the City of Milton for personal injuries due to a 2016 vehicle collision with a fixed obstruction (a masonry planter) located on City-owned right of way where the obstruction was outside the motoring lanes of travel;

WHEREAS, the masonry planter had been at the same location since 1992 and had never been the subject of a complaint or prior accident;

WHEREAS, at the trial court, the City of Milton was found to be partially at fault and a jury awarded money damages against the City of Milton of \$35,000,000;

WHEREAS, the Court of Appeals affirmed the findings of the trial court, City of Milton v. Chang, et. al., 2024 WL 4195584 (Chang appellate ruling);

WHEREAS, the Court of Appeals ruled that the “*planter...was a hazard for vehicles leaving the travel lanes*” and that its presence “*renders the use of these thoroughfares more hazardous;*”

WHEREAS, the CITY is concerned by the Court of Appeals decision finding that a municipality may be liable for fixed obstructions located outside the motoring lanes of travel where the obstruction had never been the subject of a prior collision or complaint;

WHEREAS, the CITY believes the Court of Appeals decision is inconsistent with existing legal precedent and should be overturned; and,

WHEREAS, the CITY believes the financial implications of the Court of Appeals decision could be devastating for Georgia municipalities.

NOW THEREFORE BE IT RESOLVED, that the CITY does hereby authorize participation in an amicus brief before the Georgia Supreme Court asking that the Chang appellate ruling be taken by the Supreme Court and reversed. An amicus brief so tendered may include the City’s name as a participating party.

This _____, day of _____, 2024.

Mayor
